No. Fl. 6518-62, dated 4th May 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. Fl. 6456-68, dated the 2nd May 1918, sanctioning a scheme of granting special advances to coffee planters in Mysore, on the analogy of the Taccavi System.

Order No. Fl. 6518-62, dated 4th May 1918.

Government have decided that pending the appointment of a Special Officer as contemplated in the order read above, the Deputy Commissioners of Hassan and Kadur will receive and deal with all applications from planters within their respective jurisdictions and perform all the duties of the Special Officer as laid down in the order read above.

Each of the Deputy Commissioners is requested to send the names of three gentlemen, two of whom should be coffee planters of standing who may form the consultative committee for his district.

J. S. CHAKRAVARTI,
Financial Secy. to Govt.

To—The Comptroller to Government.
The Revenue Commissioner in Mysore.
The Deputy Commissioners of Hassan and Kadur Districts.
The Chairman, Mysore Chamber of Commerce.
The Heads of Departments.

Instructions for the guidance of Heads of Departments and the several Administrative Departments of the Secretariat in regard to the Financial Settlement.

No. Fl. 6779-828—G. F. 39-17-1, dated 13th May 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Note by Mr. K. L. Datta, Special Officer, suggesting the adoption of a Scheme of Departmental or Financial Settlement for Mysore.

Order No. Fl. 6779-828—G. F. 39-17-1, dated 13th May 1918.

The subject of devising a scheme of Financial Settlement for regulating the growth of expenditure in the various departments of the State so as to check extravagance while securing the utilisation of the resources of the State for purposes of progress and advancement in all directions, has been under consideration for some time. In March 1917, Mr. K. L. Datta, Special Officer, submitted a note on the subject after a careful study of the growth of revenue and expenditure for some years past and the prospects and necessities of the future. Government have been pleased to accept the scheme formulated by Mr. Datta and the Budget Estimates for the current year have been framed in accordance with that scheme.

2. The scheme is based on the principle that after providing for certain reserves in order to meet future contingencies and to permanently safeguard the Financial stability of the State and after providing funds required to meet its obligatory expenditure, the resources of the State should be utilised in a systematic manner for development in all directions. Under normal conditions and careful administration, the revenue of the State will continue to grow and it is essential that this growth of revenue should be applied in definite proportions, for developing different branches of the administration simultaneously in accordance with their importance, in such a way as not only to ensure the expenditure of the revenue mainly in the directions most needed for continuous progress and advancement but also that the needs of none of the Administrative Departments may be neglected.

3. As all departments will have a share in the growth of the revenue under their administration, if any, the scheme is further expected to stimulate departmental officers to take effective measures for developing their revenue as they will be able thereby to add to their resources. If their revenues decline, the means available to them for improving the efficiency of their departments, will be less. At the same time, the fact, that only a definite sum will be available to each group for carrying out schemes of improvement or development appertaining to it, will act as a restrictive against extravagance.

4. The scheme will be actually worked in practice in the manner explained below. The present normal standard of the annual revenue of the State as well as the present normal standard of expenditure under the different heads have been determined and after providing for the reserves which are necessary for safeguarding the financial stability of the State, the balance of the revenue has been allotted to the different departments to meet their present scale of expenditure and to provide for improving their efficiency. These allotments will be further supplemented year by year by definite shares of the future growth of revenue of the State.

5. For purposes of determining the revenue and its growth and making allotments to departments, the whole administration has been divided into the following 4 groups of revenue-producing departments and 8 groups of spending departments and the reserves. The standard of revenue under each group and the assignments made to the several groups of spending departments are also shown against each.

No. FL. 6779-828—G. F. 39-17-1, DATED 13TH MAY 1918.

REVENUE.

Revenue-producing departments	Standards of Revenue	Estimated annual growth
	Rs.	Rs.
I. The principal Heads of Revenue	2,22,18,000	4,50,000
II. Surplus Revenue of the Assigned Tracts ...	1,50,000	.....
III. Mining Revenue (Net) ... ... (After deducting contribution to Capitalisation Fund.)	5,49,000	20,000
IV. Interest (Net Receipts) and Productive Works—Revenue Account (Net) ... ... (Including net profits on Railways, Cauvery Power Scheme, Krishnarajasagar Works, Kolar Gold Fields Water-supply and Industrial Works.)	38,33,000	2,00,000
Total ...	2,67,50,000	6,70,000

EXPENDITURE.

No.	Spending departments	Assignments for expenditure		
		Fixed	Annual growth of revenue	
			Percentage	Estimated share
		Rs.		Rs.
1	Direct Demands on Revenue	36,90,000	15	70,000
2	Palace (see para 9 below)	27,00,000	5	30,000
3	Administration	26,16,000	7	42,000
4	Protection and Army	41,24,000	15	90,000
5	Political, *i.e.*, Subsidy to British Government ...	35,00,000	...	...
6	Public Works	27,80,000	13	78,000
7	Local Self-Government, *i.e.*, grants for Public Improvements	10,25,000	...	.....
8	Moral and Material Development, excluding grants for Miscellaneous Improvements	41,17,000	50	3,00,000
9	Reserves—			
	Reserve for Interest and Sinking Fund on Capital Expenditure ... 12,33,000			
	Reserve for Famine Relief and Insurance 5,00,000			
	Reserve for Capital Expenditure on Irrigation Works ... 5,00,000			
	Reserve for non-recurring Expenditure 3,50,000	21,98,000	10	60,000
	Loss on Productive Works to be deducted from total expenditure of year ... ...—4,00,000			
	Net Surplus 15,000			
	Total ...	2,67,50,000	100	6,00,000

6. The present standard of the net revenue of the State has thus been taken at Rs. 2,67,50,000 and after providing out of it for all the reserves which are considered necessary for safeguarding financial stability, the whole of the balance, except a sum of Rs. 15,000 has been distributed among the several groups of departments to enable them not only to meet their present standard of normal

expenditure but also to provide for development as far as it is possible within the resources immediately available. It is also estimated that the annual growth of revenue will amount for the present to Rs. 6,70,000, of which Rs. 4,50,000 will be under principal heads of revenue and 15 per cent of this or Rs. 70,000 will be allotted to the group Direct Demands on Revenue. Of the balance of Rs. 6,00,000, 90 per cent will be distributed among the other groups year by year at the rates shown in the table and 10 per cent will be kept as a reserve for unforeseen contingencies. The fixed annual assignment shown against each group will be allotted to it every year and this allotment will be supplemented year by year by the fixed percentage of the growth of revenue in that year over the present standard as shown in the table. These allotments should enable all the departments not only to meet their current expenditure but also to have sufficient funds for developing their respective charges and improving their efficiency.

7. The groups "Civil Administration," "Protection and Army," "Public Works" and "Moral and Material Development," will also be allowed to spend the whole of the receipts appertaining to their own departments. Each department will thus have a direct incentive to improve its own revenues.

8. Every group will be required to keep its expenditure within the total funds thus allotted to it and no group will be allowed to exceed its grants under any circumstances. If there is an actual decrease in the revenue in any year, the deficiency will have to be met by the departments at the rates at which the growth of revenue is allotted to them, either by a reduction of their expenditure in different directions or from their accumulated balances.

9. The grant under "Palace" includes the Civil List, Pensions to the Ruling Family, Staff and Household of His Highness the Maharaja, Palace Military and Palace Civil Works. All the above will not be shown in the accounts under the group "Palace" but will be classified under different heads as at present. For the purposes of the *Pro-forma* account, however, they will be taken together, so as to ascertain the funds available for expenditure on the purposes mentioned.

10. It should be remembered that in assigning the amounts allotted to each group for actual expenditure, the requirements of all the departments included in it, should be taken into consideration and should be met one after another by turns in accordance with their urgency and importance as funds become available. Attempts to push vigorously in the same year, schemes of development in all the departments included in a group, should therefore be avoided as far as possible.

11. In order to carry out this idea in actual practice, the Government will arrange for a distribution of the total funds which may be available under each group in the two years, in accordance with the estimates shown in para 5 among the different departments after a consideration of the urgency and importance of reform in each of them. In the case of groups like "Protection and Army" and "Moral and Material Development," which are under the control of more than one administrative department, the distribution of the funds among the different departments will be made by the several administrative departments concerned after consultation with each other. The distribution of the funds thus made will be communicated to the Heads of Departments to enable them to submit, after careful consideration, detailed proposals for reform and improvement. This will facilitate to a great extent the consideration by Government of the various schemes which may be submitted to them for consideration and sanction.

12. The reserves provided for are as follows:—

(*a*) The creation of a larger famine reserve by setting aside Rs. 5 lakhs in lieu of two lakhs per annum as at present. This fund will also be credited every year with interest on the balance of the fund at five per cent per annum.

(*b*) A reserve of Rs. 9 lakhs per annum to meet the interest on capital expenditure during the construction of the works and the losses inevitable during the first few years after their completion. The annual loss on the productive works during the period of their construction and for first three years after their completion will be calculated at 4 per cent on the amount spent on them and will be charged to the deposit account of the reserve fund to which the annual contribution will be credited. The fixed sum will be charged under the head 'Interest' on

debt by *per contra* credit to a deposit head for the reserve fund. The total annual loss will be deducted from the grand total expenditure of the year by *per contra* debit as a charge against the reserve fund.

(*c*) A sinking fund payment of Rs. 2 lakhs per annum for capital expenditure met either from past savings or from borrowed funds. This is in addition to the sum of Rs. 1,33,000 which is charged at present as a payment to the sinking fund on account of the loan of Rs. 20 lakhs raised in the year 1906.

(*d*) A reserve of Rs. 5 lakhs for meeting a part of the capital expenditure on Protective Irrigation Works which may not be productive at all or which even if productive will usually take a longer time than Railways and Industrial Works to yield a paying return.

(*e*) A reserve of Rs. 3½ lakhs per annum to meet special charges, which though not recurring annually, have to be incurred at periodical intervals. This is intended to meet non-recurring expenditure of an exceptional nature, for which the allotments made to the different departments are not intended to provide. Such items when less than Rs. 10,000 in amount should be met from the savings from the ordinary allotment of the different departments. When, however, they exceed Rs. 10,000 in amount and are quite of an exceptional character, sanction of Government should be obtained to special allotments for meeting them out of the reserve. In the current year's budget, some comparatively small items of expenditure which strictly speaking should have been met out of the allotments of the respective departments, were allowed to be charged to the special reserve. These items were as follows:—

Direct Demands on Revenue.

			Rs.
Forest—			
Inspector-General's visit	...	...	2,500
Stamps—			
Cost of Water-marked paper	...	...	12,500
Civil Administration.			
General Administration—			
Purchase of tents	...	...	10,000
Purchase of horses	...	...	3,000
Collapsible gates to Government House		...	2,000
Muzrai—			
Printing quit-rent register	...	...	6,000
Stationery and Printing—			
Kannada Punches and Matrices	...	...	25,000
Machinery for the Press	...	...	24,000
Types for Budget Notes	...	...	5,000

None of these items of expenditure were of an exceptional nature and most of them were also comparatively small in amount. Still they were allowed to be met out of the special reserve as the settlement came into force only this year and the departments concerned had no balances to draw upon. In future all departments will be required to meet such items of expenditure from their own funds.

When, however, grants are allotted from the special reserve to meet exceptional items of expenditure the grants will be car-marked for the purpose for which they are sanctioned and any unspent portion will lapse to the credit of the special reserve.

13. It should be noted that the special reserve of Rs. 3,50,000 for non-recurring expenditure is not intended to meet unusually heavy expenditure of an exceptional character which cannot be expected to be met from the current revenues of the State, such as large special contributions to the Government of India for war or other purposes or exceptionally heavy expenditure on the construction of new additions to the Palace, etc., or other exceptionally large contributions to institutions outside Mysore. Such expenditure will be treated as extraordinary expenditure outside the Revenue Account and will be treated as a set-off against the past savings of the State. Rupees 2,00,000 is fixed for the present as the maximum

limit of each item of special expenditure which should be met out of the special reserve.

14. Similarly all extraordinary revenue of a special character will not be treated as part of the ordinary revenues of the State and will not be available for division among the different departments. Such revenue will generally be shown in the accounts as extraordinary revenue outside the ordinary revenue account. In exceptional cases if they are recurring and of a nature usually classified under revenue, they may be shown as part of the general revenues but they will still not be available for distribution among the different departments for meeting their ordinary expenditure.

15. Besides the above there is another reserve in the form of a capitalisation fund for the Mining Revenue. The revenue from the Gold Mines being more or less adventitious, it is considered desirable to set aside 60 per cent of the net revenues derived from them and to form a capitalisation fund which accumulating at compound interest will in a comparatively short period, amount to a sum sufficient to yield a revenue equal to that now obtained from the Mines; so that when the Mines are ultimately exhausted, the State will have in their place another source of revenue yielding the same amount as the Mines.

The contribution to the capitalisation fund calculated at 60 per cent of the net revenue from the Mines will be charged to the head 'Charges against Mining Revenue' by *per contra* credit to a special reserve fund and will be deducted from the net Mining Revenue before calculating the amount of it available for distribution among the several groups of spending departments. The fund will also be credited every year with interest at 5 per cent on its balance by *per contra* debit as a charge under the head 'Interest.'

16. The initial assignments for the groups of Departments and their shares in the annual growth of revenue now sanctioned will have effect for three years beginning from the current year and will be subject to reconsideration and revision at the end of that period.

17. In consequence of the adoption of the Financial settlement scheme, it is considered necessary to issue the following instructions for the guidance of all the Heads of Departments and the administrative Departments of Government in regard to the submission of proposals for fresh items of expenditure.

18. Under the scheme, expenditure in respect of the several groups of departments will be strictly limited to the respective amounts allotted to them in the annual budgets which again must always be limited to the amounts available to them, *viz.*, the balance at their credit at the commencement of the year plus their annual assignments as also their respective shares of the excess of the estimated net revenue for the year over the normal standard. The balance at their credit cannot be overdrawn under any circumstances nor can additional expenditure be proposed during the currency of any year to be met from the estimated closing balance at their credit except in extraordinary circumstances.

19. Particular groups should sometimes find it necessary to accumulate funds with a view to provide in future years for specially large items of expenditure for departments under them.

20. The Comptroller will maintain a *pro forma* account for each group of departments which will be credited with its initial assignments for expenditure and its share of the growth of revenue of the year, to which it is entitled under the scheme, and will be debited with the actual expenditure incurred, and the balance will be carried forward from year to year, so that schemes for additional expenditure may be considered with reference to the resources available for the group concerned. These resources will consist of the closing balance at its credit at the close of the previous year, its fixed assignment for the year and its fixed share of the estimated growth of revenue during the same. It will thus be known to what extent additional expenditure can be incurred under each group to improve the efficiency of the departments included in it and schemes sanctioned for one group will not interfere with schemes for other groups.

21. The allotments made to the different departments, which are not actually spent during the year, will not lapse at the end of the year and will not go to swell

the surplus of the year, as hitherto, but will be charged off the revenue account of each year under a special head 'Unspent allotments added to departmental balances' by *per contra* credit to a deposit account. They will thus be available for expenditure in future years and when any portion of them is actually spent, the expenditure incurred from the balance at the credit of the department, *i.e.*, the excess of the total expenditure over the allotments for the year, will be deducted from the total expenditure of the year under the head "Expenditure met from departmental balances" by *per contra* debit to the deposit account mentioned above. The unspent allotments or expenditure met from past allotments will not thus affect the revenue surplus or deficit of the year concerned. The *pro forma* account will be published in the Finance and Revenue Accounts as also in the budget estimates of every year. Heads of Departments and the Administrative Departments of Government will keep themselves informed of the state of the balances of the groups concerned.

22. Additional expenditure during the year current for which no provision has been made in the estimates should not be proposed and cannot be sanctioned, unless the amount required can be met by reappropriation.

23. All proposals for additional expenditure in future years should be sent through the Comptroller. That officer will examine the financial effects of the scheme with reference to the *pro forma* accounts of the group in which the Department is included and will append a statement in Form A attached showing whether there is margin for additional expenditure to the extent proposed according to the settlement scheme.

24. The powers delegated, under existing orders, to Heads of Departments to make reappropriation of grants allotted to them in the budget, without sanction of Government, will continue as heretofore.

25. The Comptroller is requested to issue necessary amendments to the Mysore Treasury Manual.

J. S. CHAKRAVARTI,
Financial Secretary to Government.

To—The Comptroller, Mysore Government.
The other Heads of Departments.
The Deputy Commissioners of Districts.
The Secretaries to Government.

Audit of Accounts relating to the Industrial and Commercial Concerns.

No. Fl. 6491-504—G. F. 113-17-2, dated 3rd May 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. L. A. D. 852, dated 15th December 1917, from the Comptroller, explaining the necessity for the formation of a special section in his office under a separate Gazetted Officer for auditing the accounts relating to Industrial and Commercial concerns, and for the grant of special allowances to the Officer in charge of the Local Audit Section, and to the Inspecting Officer for Public Works and Forest Accounts.

(Printed in extenso as an annexure)

Order No. Fl 6491-504—G. F. 113-17-2, dated 3rd May 1918.

Government are pleased to sanction the proposals of the Comptroller subject to the modifications hereunder: —

(*a*) An additional Assistant Comptroller with a local allowance of Rs. 50 per mensem will be added to the staff of the Account Department for auditing the accounts of Commercial and Industrial concerns and he may also be entrusted with the outside audit of certain offices and institutions.

(*b*) No additional clerical establishment is sanctioned for the special section to be found for the purpose; the necessary hands should be found by redistribution of the Comptroller's existing staff.

(*c*) A local allowance of Rs. 50 per mensem will be granted to the two Officers in charge of Local Audit and of Public Works and Forest inspection, in addition to any allowance they may be entitled to.

(*d*) The additional gazetted appointment now sanctioned will be one outside the Mysore Civil Service.

J. S. CHAKRAVARTI,
Financial Secy. to Govt.

To—The Comptroller, Mysore Government.
The other Heads of Departments.
The Deputy Commissioners of Districts.

Exd.—C. R.

No. Fl. 6491-504—G. F. 113-17-2, dated 3rd May 1918.

Letter No. 5886—L. A. D. 852, dated 15th December 1917, from M. N. Krishna Rao, Esq., B.A., Officiating Comptroller to the Government of His Highness the Maharaja of Mysore, to Rajamantrapravina, Dewan Bahadur J. S. Chakravarti, Esq., M.A., F.R.A.S., etc., Secretary to the Government of Mysore, Financial Department.

I have the honor to state that, owing to the expansion of late of the activities of the Department of Industries and Commerce and the steady increase in the number of industrial and commercial concerns worked or subsidised by the State, it has become necessary to pay special attention to the system of accounts to regulate the financial working of Government concerns and safeguard Government interests in subsidised concerns. Not only has the accounting procedure to be adopted to the different kinds and stages of these concerns, but the actual working of the same requires also to be closely and constantly watched and directed by the Accounts Department. A fair idea of the range of work to be done in this direction can be formed from the appended list which shows the concerns already working or sanctioned or in contemplation (*vide* Annexure A). It will be admitted that the accounts relating to such important concerns as the Sandal Oil Factories deserve to be most carefully looked after.

2. With a view to meet the above requirements, I think it is quite necessary to constitute a special section in my office for the audit of accounts relating to all industrial and commercial concerns, not only to ensure their receiving the attention they deserve on account of their importance but also to secure uniformity of procedure in essential features which are common to all such concerns. I find that the audit of these accounts, as now conducted in different sections does not conduce to specialisation and standardisation, which are both necessary. The procedure for verification of the transactions of the concerns as recorded in this office and in the books of the concerns themselves has to be defined, and regular monthly accounts should be obtained from the concerns and subjected to prompt and efficient audit in addition to local examination of initial accounts of the concerns. The work is new and special in view of the commercial character of the concerns, and unless a special section is formed to deal with it, it cannot be expected to be done well or in time.

3. I consider it also necessary to entrust the accounts work of these concerns, whether it has to be done in the Comptroller's Office or locally in the offices of the concerns themselves, to a separate Gazetted Officer and require him to specialise in this work and pay undivided attention to it. The concerns are in their initial stages and there is a great deal of new and organising work in connection with their accounts and financial working, and the attention of a separate officer is quite necessary to reduce the work to order and also to evolve a procedure for being followed in respect of each concern according to its nature and requirement.

4. If a separate Gazetted Officer can be set apart solely for the above work, the accounts of industrial and commercial concerns will receive proper attention: and as there is plenty of scope for initiative and organisation, especially for some years in the beginning, there need be no fear of the officer being left with insufficient work to do. But, as I shall explain at length later on, the work entrusted at present to the Gazetted Officer in charge of the Local Audit Department is so heavy that unless some tangible relief is afforded to him, he cannot do proper justice to the duties imposed on him. I would therefore propose that the portion of his work relating to "Outside" audits be transferred to the new officer proposed above for industrial and commercial concerns. A list of offices and institutions which are now subject to "Outside" audit is appended hereto (*vide* Annexure B). It will be seen that there are already 25 offices to be examined every year and the Gazetted Officer's work in connection with the audit of their accounts is not inconsiderable, especially as the accounts are not properly kept in many of the offices concerned and consequently the objections arising out of audit are numerous and the reports and correspondence connected therewith are heavy. I think the organising work relating to commercial concerns and the periodical audit of their accounts together with the work relating to the increased and increasing number of "Outside" audits is perhaps more than can be satisfactorily performed by a single officer, and the position may have to be reconsidered when the volume of work relating to commercial concerns alone becomes sufficient to demand one officer's full attention.

5. As the new officer proposed for the above work will have to attend office daily and also move about in the course of the day from one office to another on his inspection rounds connected with local audits under him, it will be necessary to grant him a conveyance allowance of Rs. 50 per mensem.

6. The new commercial section in the office, referred to in para 2 above, will for the present be formed by drafting hands from the sections in which the work is now being done; and any additional hands necessary will be applied for when the work expands

No. Fl. 6491-504—G. F. 113-17-2, dated 3rd May 1918.

7. Coming to the Gazetted Officer in charge of the Local Audit Department, the items of work that would still remain under his charge after relieving him of the "Commercial and outside" audits as proposed in para 4 above are as follows:—

(*a*) Local Audit of Accounts of District and Municipal Funds.
(*b*) Civil Courts Audit.
(*c*) Audit of Mysore University Accounts.
(*d*) Treasury Inspection work.

Mr. Datta has proposed that Treasury inspections should be conducted by the Public Works Inspection Officer. As, however, Government have recently directed that the accounts maintained in Forest Offices should be inspected by the Audit Department and as these are more or less of the nature of Public Works Accounts, it will be a more appropriate arrangement to entrust this work to be Public Works Inspection Officer and relieve him of Treasury inspection work, which may be transferred to the Officer in charge of the Local Audit Department. This officer besides directing and supervising the above audits, has also to personally inspect the accounts maintained in all those offices. But their number is so large that it is not possible for all of them being inspected even once a year. The time required for inspection of the District and Municipal Boards accounts would come to 304 days as against 275 working days in the year (*vide* details worked out in Annexure C) so that the annual inspection relating to these accounts alone would give more than sufficient work for a full-time officer all the year round. Thus it will be seen that unless this officer is set apart solely for inspection and audit of District and Municipal Funds Accounts, he will not be able to complete even an *annual* round of inspections. It may also be observed that the substitution of *half-yearly* for *annual* audit of these accounts will result in a material addition to the work of this officer. According to the distribution of inspection work proposed by me, this officer has, in addition to inspection of District and Municipal Boards Accounts, to do the work relating to Civil Courts audit and audit of University Accounts and also Treasury inspections. It will thus be seen that the work is more than can be done by a single officer, if every office should be visited even once a year. Some of the audits are to be conducted at more frequent intervals than once a year, *e.g.*, the accounts of the University and of the District and Municipal Boards. The present condition of the accounts work of the District and Municipal Boards is most unsatisfactory; and unless the Officer in charge of Local Audit Department himself visits every one of the offices, examines the state of accounts gives the necessary personal instructions and gets proper attention of the responsible officers paid to the work, it is not possible to expect any perceptible improvement. All this work cannot, of course, be done by subordinate auditors who possess neither the capacity nor the status required for the purpose.

8 The Officer in charge of Local Fund Audits has to tour out on inspection work practically throughout the year; and he has, at the same time, to attend while in camp to the disposal of Audit Notes (more than 200 in number every year—*vide* Annexure D) and other incidental correspondence, besides directing the work and movements of all the local auditors. His duties are thus of a very arduous nature, and will often be put to personal inconvenience owing to the necessity for frequent journeys in the districts, apart from his having to maintain extra private establishment. It is necessary to compensate him for all this and I would accordingly propose that he may be granted a special allowance of Rs. 100 per mensem in addition to the travelling and local allowances admissible under the rules. This is necessary to require an officer to take up the work and do it with zeal and interest. I may note that the Local Fund Examiner in Madras gets an allowance of Rs. 200. I should add that the case of the Public Works and Forest Inspection Officer is the same in this respect and I would recommend a similar allowance to him also.

9. To sum up, my proposals in brief are as follows:—

(*a*) An additional Gazetted Officer to be sanctioned for being placed in charge of the audit of the accounts of industrial and commercial concerns as well as "Outside" audits.

(*b*) A conveyance allowance of Rs. 50 to be sanctioned for the above officer.

(*c*) The Officer in charge of Local Audit Department and the Public Works and Forest Inspection Officer to be granted a special allowance of Rs. 100 each per mensem (in addition to the usual travelling and local allowances admissible under the rules.)

10. In conclusion, I beg to point out that Mr. Datta did not go into this question of Local and Commercial Audits for want of time and had therefore to leave the matter as it was in his note on the reorganisation of this office.

No. FL. 6491-504—G. F. 113-17-2, DATED 3RD MAY 1918.

ANNEXURE A.

LIST OF INDUSTRIAL AND COMMERCIAL CONCERNS.

Government concerns.

(1) Sandal Oil Factory at Bangalore.
(2) Do Mysore.
(3) Weaving Factory.
(4) Industrial Depot, (Arts and Crafts Depot.)
(5) Button Factory.
(6) Soap Factory
(7) Sugar cane Mill Installations.
(8) Central Industrial Workshop at Bangalore.
(9) District Industrial Workshops.
(10) Chamarajendra Technical Institute at Mysore (Workshop Branch).
(11) Industrial Stores.
(12) Metal Working Industry.
(13) Experimental Forest Industries.
(14) Iron Industrial Works.

Private concerns in which Government are interested.

(15) Mysore Bank.
(16) Mysore Tannery.
(17) Mysore Spinning and Manufacturing Company, (Maharaja's Mills.)
(18) Aryan Hosiery Factory.
(19) Art Litho Press.
(20) Royal Paint Works.

ANNEXURE B.

List of offices and institutions (other than Commercial and Industrial concerns) Subject to "OUTSIDE" audit.

A—at Bangalore—

(1) Stamp Superintendent's Office.
(2) Stamp Manufactory.
(3) Stationery Depot.
(4) Government Central Press.
(5) Central Jail.
(6) Military Stores.
(7) Medical Stores.
(8) Military Funds (Chief Commandant's Office).
(9) Imperial Service Regiment.
(10) Imperial Service Transport Corps.
(11) Infantry Office (Battalion at Bangalore).
(12) Police Stores.
(13) Victoria Hospital.
(14) Central Book Depot.
(15) Government Stables.
(16) Agricultural Implement Depot.
(17) Hebbal Farm.
(18) Home and Cottage Industries Institute.
(19) Geological Office.

B—at Mysore—

(20) Jail.
(21) Amrut Mahal Superintendent's Office.
(22) Government House.
(23) The Mysore Horse.
(24) Infantry Office (Battalion at Mysore.)

C—at Shimoga—

(25) Infantry Office (Battalion at Shimoga.)

ANNEXURE C.

Time required for inspection of District and Municipal Boards Accounts.

(Office work in Camp such as disposing of Audit Notes and other correspondence and directing the work and movements of the local auditors will take on an average two hours

every day and it is only the remaining portion of the day that can be devoted to inspection work) :—

	Number of offices	Number of days for each	Total number of working days
For annual inspection—			
District Board and Kolar Gold Fields Sanitary Board.	9	2	18
City Municipalities	2	3	6
Other Municipalities (about 90 at present, may go up to 100 shortly).	100	2	200
Total ...	...	...	224
For journeys—			
About eighty stations at one day for each journey.	...	...	80
Total ...	...	...	304
Stay at headquarters for writing up the annual report and working after other miscellaneous work at headquarters.	...	...	30
Grand Total ...	...	...	334

But the number of working days in the year (*i.e*, excluding Sundays and other General Holidays is only about 275; and if allowance is made for 15 days' casual leave, this will be still further reduced to 260.

APPENDIX D.

Number of Audit Notes (relating to District and Municipal Funds Accounts) to be issued every year.

As the Local Audit of these accounts is to be a *half-yearly* one instead of annual as hithertofore, there will be two Audit Notes every year for each Municipality and District Board.

District Boards	8
Kolar Gold Fields Sanitary Board	1
Municipalities (90 at present but may go up to 100 shortly)	100
Total number of District and Municipal Boards	109×2
Number of Audit Notes	218

State Life Insurance Office.

No. Fl. 6944-93—G. F. 9-17-2, dated 20th May 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Note dated 12th November 1917 of Mr. K. L. Datta, Special Officer, suggesting certain improvements for the better working of the State Life Insurance Office.

Order No. Fl. 6944-93—G. F. 89-17-2, dated 20th May 1918.

The proposals of Mr. Datta made in his note read above may be classified under three heads as under:—

(i) The abolition of the Insurance Committee, all insurance office work being done by the Comptroller with the help of the Senior Surgeon, subject to the orders of Government.

(ii) Changes in the forms of Registers and in the mode of working in the Insurance office:—

1. to avoid delay in the disposal of policies,
2. to reduce unnecessary work resulting in the preparation of policies before payment of first premium,
3. to remedy defects in the ledger,
4. to destroy old and useless records,
5. to have an effective watch over recovery of arrears of premia, and
6. to effect reduction under miscellaneous items of work,

(iii) Permitting proposers of Public Insurance to go to a District Medical and Sanitary Officer straight for Medical Examination and to forward the applications through him to the Secretary to the Insurance Committee.

2. After consulting the President and the Member of the Insurance Committee and considering all aspects of the case, Government are pleased to pass the following orders on the several suggestions of Mr. Datta.

3. The proposal to abolish the Insurance Committee does not commend itself to Government. The Insurance Committee will, however, be requested to take needful action with a view to reducing as far as possible, delay in the issue of policies, due to circulation of papers to Members.

4. The several suggestions of Mr. Datta regarding changes in the Registers and in the working of the Insurance office are approved subject to the following remarks:—

(1) The splitting up of the Premium Ledger into two registers styled the Premium Ledger and the Personal Ledger will, in the first instance, be tried for one district and then introduced gradually for the other districts.

(2) A detailed list of records and registers of the office will be prepared and the period for which each should be preserved, fixed in accordance with the suggestions of Mr. Datta.

5. As regards Mr. Datta's proposal to permit the proposer in the Public Branch to go to a Medical officer direct for examination, Government understand that this question has already been under the consideration of the Insurance Committee and separate orders will issue in due course on receipt of definite proposals from that Committee.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Secretary, Insurance Committee.
The Comptroller to the Government of Mysore.
The Heads of Departments and Deputy Commissioners of Districts.

Purchases made by the various Departments of Government.

No. Fl. 7140—G. F. 10-17-97, dated 29th May 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. Fl. 2760-809—G. F. 214-10-88, dated 23rd December 1913, prescribing rules for the purchase of articles by Government officers, republished with all additions and alterations sanctioned by Government since that date as Government Order No. Fl. 3238-87—G. F. 10-17-47, dated 4th January 1918.

Order No. Fl. 7140—G. F. 10-17-97, dated 29th May 1918.

In passing bills for purchases, it is the duty of the Audit office to see that the rules prescribed in the matter are observed and that, in cases where the rules have not been observed, payment of the bills is either refused or held under objection pending sanction of Government being obtained by the purchasing officer.

2. With a view to enable Government to know how far the rules relating to purchase of articles by Government officers are being strictly adhered to, Government direct that in future the Comptroller should submit an annual report on the purchases made by the various departments of Government with a consolidated return in the form herewith appended not later than the 31st of August of each year.

3. The return should show the purchases made by the several departments, each department being separately shown. The report should briefly indicate the increase or decrease in the amount of purchases and also how far the store-purchase rules have been observed. The first return and report should be for the year ending June 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 6362—S. A. 911, dated 29th April 1918, from the Comptroller, stating, with reference to Rule 7 of Section II, Parts I and II, of the rules for the working of the Savings Associations requiring the Association Savings Bank account with the Government Treasury to be opened in the name of the Head of the office alone, that the Executive Engineer, Mysore District, requests that the account of his Association may be transferred to the name of his Personal Assistant in order that the latter may operate during his absence from Headquarters, and requesting with a view to convenience that the rule be modified as indicated in the margin.

Heads of offices who have Gazetted Assistants will be allowed to authorise the latter to have the Savings Bank Association accounts opened in their names and conduct the transactions of the accounts. It should however be noted that the Heads of offices should exercise a general supervision over the work delegated to their Assistants.

Order No. Fl. 7208-57—G. F. 32-17-8, dated 30th May 1918.

Proper Maintenance of Articles of Furniture, Books, etc.

No. Fl. 7090-139—G. F. 217-17-1, dated 29th May 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. 10809-39 –Mis. 2953, dated 19th February 1901, directing the submission to Government every year of list of books and furniture in stock in the Office of Heads of Departments and Deputy Commissioners and their subordinate offices.

2 Government Order No. 1805-44—G. M 105-07-1, dated the 6th September 1907, stating that the lists of books and furniture of the Office of Heads of Departments and Deputy Commissioners need alone be submitted to Government, those of subordinate offices being scrutinised by the Heads of Departments and Deputy Commissioners concerned.

3. Rules 30 and 23 of the general rules of office procedure issued with Government Order No. G. 5203-51 E. A 4-14, dated 23rd November 1914, prescribing the maintenance in each office of a furniture register and of a list of books or library catalogue.

4. Government Order No. G. 10870-10918—E. A 43-14-1, dated 10th April 1915, directing the inspection of all offices by the respective Heads of Offices at least once a year and by the higher officers frequently, and stating that among other things the Inspecting Officers' attention should be directed to the condition of the building and furniture.

5. Government Order No. G. 12541-91, dated 6th March 1916, stating that as the rules of office procedure recently issued provide for the proper maintenance of Library and furniture registers in all offices, the submission of the annual lists of books and furniture is no longer necessary and may be discontinued.

6. Government Order No. 1823-31—E. A. G. 259, dated 6th April 1918, issuing instructions for the proper observance of the rules relating to office business.

7. Para 221, Treasury Manual, laying down that acknowledgments for permanent advances held by officers should be furnished to the Comptroller on the 15th July in each year or whenever there is a transfer of charge.

Order No. Fl. 7090-139—G. F. 217-17-1, dated 29th May 1918.

It has come to the notice of Government that the register of furniture is not maintained properly in many offices and institutions and adequate attention is not paid to the maintenance of articles in proper condition. The acknowledgment for permanent advances is not furnished to the Comptroller in time in some cases. This state of affairs is mainly due to the Heads of Offices not paying due attention to such of the rules read in the preamble as are in force.

2. To ensure an automatic and satisfactory working of the rules, Government are pleased to direct that all articles appearing in the furniture register on the 30th June of every year should be counted and examined by the Heads of Offices or institutions concerned or by one of their gazetted assistants. The list of books or catalogue of the library as it stands on the 30th June should be verified in a similar manner. The furniture register should include besides furniture proper all articles of permanent value such as iron safes, typewriters, clocks, etc. A certificate in the Form A (appended) should be attached to the salary bill of the Heads of Offices for July payable in August.

3. In the case of permanent advance an acknowledgment in the prescribed form should be furnished in the certificate referred to above. A separate acknowledgment due on the 15th of July will not be necessary.

4. When there is a transfer of charge a similar certificate in Form B. (appended) should be attached to the first pay bill of the relieving officer presented for payment.

No. FL. 7090-139—G. F. 217-17-1, DATED 29TH MAY 1918.

5. Explanation for the difference in stock or permanent advance, if any, and action taken thereon should be furnished in the respective certificates.

6. Bills not accompanied by these certificates will not be paid.

7. The Comptroller is requested to watch the procedure above prescribed and submit a report as to its working on the 15th December next.

J. S. CHAKRAVARTI,
Financial Secy. to Govt.

To—The Comptroller to the Government of Mysore.
The other Heads of Departments.
The Deputy Commissioners of Districts.

Preservation of Valuable Documents.

No. Fl. 7295-334 / G. F. 72-17-1

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE.
GENERAL AND REVENUE SECRETARIAT,
Dated Bangalore, 31st May 1918.

CIRCULAR.

Instances having come up to the notice of Government of important documents requiring careful preservation having been lost mainly owing to defective arrangements for safe custody with the result of some loss to Government, it is necessary that clear and definite rules in the matter should be laid down so as to ensure the preservation of valuable documents and enforce the responsibility of the officers concerned in all offices.

2. The several documents to be dealt with may be broadly classed under the following heads :—

(*a*) Securities deposited with a Government Officer *Ex-officio*.

(*b*) Those which relate to some permanent arrangement affecting Government interests to which Government is a party such as deeds of buildings purchased by Government, bonds executed by persons making permanent endowments under Government Order No. Fl. 432-72—G. F. 15-09-1, dated 15th July 1909.

(*c*) Those which relate to arrangements of a temporary nature, such as agreements executed by excise contractors, agreements for house-building advances, mutchalikas in acquisition cases, etc.

(*d*) Documents presented by parties for particular purposes *viz*, registration or in the course of judicial or other proceedings before Government Officers and all other classes of valuable documents not specifically referred to above.

3. As regards (*a*) securities in trust, chapter 11. of the Civil Account Code, Vol. I, and the supplementary rules in the Treasury Manual contain necessary instructions which should be strictly followed.

4. Documents in the possession of the head of an office coming under clause (*b*) of para 2 should be sent to the Comptroller for safe custody as soon as practicable after the order for record is passed on them by the proper authority, an office copy thereof being retained, if necessary, for reference.

5. Documents comprised under clause (*c*) of para 2 will ordinarily have to be retained by the respective heads of Departments or Deputy Commissioners or other officers representing Government in the transactions till they are finally disposed of.

6. The procedure regarding papers falling under (*d*) of para 2 is to be governed by statutory rules or departmental orders. Where no such rules or orders exist, the heads of departments should prescribe the best arrangement possible for the safe custody of all such valuable documents and the procedure prescribed for the treatment of confidential papers in No. G. 5203-51—E. and A. 4-14, dated 23rd November 1914 should *mutatis mutandis* be applied.

7. In all offices, a register of valuable documents in the form appended should be maintained and the receipts and disposals noted therein with the initials of a responsible officer. The documents should be preserved in safes or other receptacles intended to keep valuables coming into the possession of the officers concerned and where no such facilities exist, the procedure in Articles 2 to 10 of the Mysore Treasury Manual should be followed.

8. In conducting the half-yearly inspections of offices as laid down in order No. G. 10870-10918—E. A. 43-14-1, dated 10th April 1915, the Inspecting Officers should scrutinise the register of valuable documents and satisfy themselves that the entries therein are correct and up-to-date and that the rules regarding the safe custody of such documents are observed.

By Order,

J. S. CHAKRAVARTI,
Financial Secretary to Government.

To—The Heads of Departments,
The Deputy Commissioners of Districts.

READ—

Government Order No. 4376-77 -Ex. 134, dated 5th November 1895, recognizing the claim of the Sringeri Jahgir to the Excise revenue from arrack and toddy.

2. Government Orders No. 4901-2—199, dated 22nd July 1891 and No. 7075-6—Ex. F. 3-97, dated 4th April 1900, recognizing the claim of the Jahgirdar to the Excise Revenue from ganja and opium respectively.

3. Government Order No. Fl. 1848-9—S. R. 45-13-2, dated 25th September 1916, recognizing the claim of the Jahgirdar to the fines levied from Excise licenses.

4. Notification No. 248—Ex. F. 4-97, dated 12th December 1903, conferring, subject to certain conditions, the powers of a Deputy Commissioner under Sections 13, 15, 20, 25 and 26 of the Excise Regulation on the Agent to the Jahgirdar in connection with the introduction of the tree-tax system in the Jahgir.

5. Letter No. Dr. C. 1089-16, dated 21st December 1917, from the Excise Commissioner forwarding with his opinion thereon letter No. 172, dated 13th March 1917, from the Agent to the Jahgirdar, requesting to be invested with certain additional powers under the Excise Regulation, with a view to enable the Jahgirdar to make better provision for the realization of the Excise Revenue due to the Jahgir.

Order No. Fl. 6934-5—S. R. 80-17-2, dated 20th May 1918.

Government are pleased to accept the recommendation of the Excise Commissioner, and to empower the Agent, Sringeri Jahgir, to conduct sales of the privileges of vending intoxicating liquors and drugs in the Jahgir, subject to the conditions laid down in the notification relating to the sales of Excise privileges in the State issued annually by the Excise Commissioner with the approval of Government.

2. As desired by the Jahgirdar, Sringeri will be constituted into a special Sub-Range with an Assistant Excise Inspector and other necessary staff. The staff shall be employed exclusively for duty in the Jahgir. The Jahgirdar should pay every month into the Taluk Treasury at Koppa, the cost of this establishment as well as the necessary contribution towards pension. The Excise Commissioner is requested to submit detailed proposals as regards the establishment required for the reconstituted Sringeri Sub-Range.

3. The Jahgirdar should also continue to pay the charges on account of the proportionate cost of the establishment and other items detailed in the margin as heretofore.

1. Proportionate cost of the carriage of liquor from the Distillery to the Bonded Depot at Sringeri, and of wastage at the Depot.
2. Price of arrack.
3. Proportionate cost of the executive establishment at Koppa.
4. Proportionate cost of clerical establishment.
5. Do cost of the Distillery establishment.
6. Proportionate cost of opium.
7. Supply of stationery. Rs. 30-0-0

4. The control of the officers of the Excise Department over the Excise Staff in Sringeri and over the administration of Excise Revenue in the Jahgir will continue to remain unaffected.

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Excise Commissioner in Mysore.
The Comptroller, Mysore Government, (through Branch II).

Exd.—C.R.

No. J. 4550-4600—Cts. 312-12-1, dated 10th May 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. J. 4550-4600—Cts. 312-12-1, dated 10th May 1918.

The Government are of opinion that it will tend on the whole to a better and prompter administration of Criminal Justice if the duty of trying cases is assigned as far as possible to officers whose attention is not distracted by other important and heavy work. A beginning in this respect was made several years ago by the appointment of whole-time Magistrates for the cities of Bangalore and Mysore and the Kolar Gold Fields, and more recently by the constitution of Benches of Magistrates for various localities. The time appears to be ripe for taking a further step in the same direction in order to afford a very necessary measure of relief to executive officers and to ensure a more efficient despatch of criminal work.

2. At present, besides the Chief Court and the Sessions and Assistant Sessions Judges who belong to the purely judicial service, the agency available for the trial of criminal cases and appeals consists of the following officers borne on the executive cadre :—

(i) Eight District Magistrates, who are also Deputy Commissioners of Districts.

(ii) Three full-time 1st Class Magistrates for the cities of Bangalore and Mysore and the Kolar Gold Fields.

(iii) Twenty-one other First Class Magistrates who are also Assistant Commissioners in charge either of Revenue Sub-Divisions or of treasuries.

(iv) Fifty-five 2nd Class Magistrates, of whom three are Assistant Commissioners, three are Munsiffs, and the rest Amildars.

(v) Thirty 3rd Class Magistrates, of whom two are Probationary Assistant Commissioners, eighteen are Amildars and the rest Deputy Amildars.

3. The Government have decided after careful consideration to provide a separate agency for the disposal of the mass of original criminal work that is now being done by Magistrates of all classes other than the three full-time Magistrates of the first class already available, as referred to above, and also the Munsiff Magistrate of the Kolar Gold Fields, who will continue as heretofore.

They do not, however, think it desirable to divest the executive heads of districts altogether of their appellate powers and powers of revision and superintendence. No material change is therefore contemplated with regard to the position and functions of the District Magistrates.

At the same time these Officers have not, as a rule, done much original criminal work in the past, and hereafter they will not be expected to try any original cases other than such as for special reasons may be withdrawn by themselves or transferred to their file from the Courts of other Magistrates. As regards appellate work also, the Special Magistrates, 1st class, will be duly empowered to hear appeals from the decisions of 2nd and 3rd class Magistrates, wherever the original work is not very heavy. The conditions prevailing in the Kolar Gold Fields being exceptional, it is not proposed to divest the Special Magistrate of the executive powers now vested in him.

4. To each district will be assigned, for the present, one Special Magistrate of the 1st class, who, in addition to original cases triable by a 1st class Magistrate, will also dispose of such appeals as he may be empowered to hear.

No. J. 4550-4600—Cts. 312-12-1, dated 10th May 1918.

5. All cases triable by 2nd and 3rd class Magistrates will be dealt with by Special Magistrates of the 2nd class as also by Benches of Magistrates in places where it may be possible to constitute such Benches.

The Courts of the Special Magistrates of the 1st class to be newly established will be located at the headquarters of the various districts. The number, location and territorial jurisdiction of the courts of Special Magistrates, will, subject to any modifications which experience may dictate, be fixed tentatively as shown in the statement appended to this order. District Magistrates will endeavour to equalise the work of these courts as far as practicable by occasional withdrawals and transfers of cases.

Assistant Commissioners, Amildars and Deputy Amildars will continue to be Magistrates *ex-officio*; but they will cease to exercise magisterial functions in practice except such as are really executive in their nature, as for instance those referred to in Chapters VIII, IX, X, XI and XII of the Criminal Procedure Code.

6. The new Special Magistrates as also the three now in existence, will be included in the cadre of the Judicial Department, the pay of the 1st class Magistrates being the same as that of the Subordinate Judges, (*viz.*, Rs. 500—$\frac{50}{2}$—600) and that of 2nd class Magistrates the same as that of Munsiffs, (*viz.*, 150—200—$\frac{50}{3}$—400 per mensem. The officers immediately required to fill the places of Special Magistrates will, pending the elaboration of a suitable scheme of recruitment, be selected, partly from among Assistant Commissioners, Munsiffs and Amildars and partly from among the members of the Bar. Assistant Commissioners may also be temporarily appointed Magistrates for a period of two years or more and may be shown as seconded in the cadre of Assistant Commissioners.

7. Clerical establishments for the new Courts will be provided on the following scale:—

I.—For the Courts of the Special Magistrates of the First Class.

Establishment.	Salary per mensem Rs.	Cost per annum Rs.
1 Head Clerk on ...	50 ...	600
1 Clerk „ ...	35 ...	420
1 Clerk „ ...	25 ...	300
1 Clerk „ ...	20 ...	240

II.—For the Courts of the Special Magistrates of the Second Class.

Establishment.	Salary per mensem Rs.	Cost per annum. Rs.
1 Head Clerk on ...	40	480
1 Clerk „ ...	30 ...	360
1 Clerk „ ...	20 ...	240

The menial establishment for each Court will consist of 1 Daffedar on Rs. 8 and 3 peons on Rs. 7 each per mensem; and a sum of Rs. 200 per annum will be provided on account of contingencies.

8. The cost of the scheme outlined above will be as shown below:—

	Per annum. Rs
Pay of 8 Special Magistrates of the 1st class at Rs. 500—$\frac{50}{2}$—600 per mensem ($566\frac{2}{3} \times 8 \times 12$)	54,400
Pay of the 3 existing Magistrates of the 1st class at Rs. 500—$\frac{50}{2}$—600 per mensem	20,400
Pay of 24 Special Magistrates of the 2nd class at 150—200—$\frac{50}{3}$—400 per mensem. ($300 \times 24 \times 12$)	86,400
Ministerial establishments of 8 1st class Magistrates' Courts at Rs. 1,560 each ($8 \times 1,560$)	12,480
Ministerial establishment of 24 2nd class Magistrates' Courts at Rs. 1,070 each ($24 \times 1,070$)	25,680
Menial establishments of 32 Courts at Rs. 348 each	11,136
Contingencies for the 32 Courts at Rs. 200 each	6,400
Total per annum ...	2,16,896

9. Against this amount should be set off a sum of Rs. 53,940 being the savings that may be effected in respect of the following items of expenditure as a result of the introduction of the new Scheme.

No. J. 4550-4600—CTS. 312-12-1, DATED 10TH MAY 1918.

	Per annum. Rs.
(1) Pay of four Additional Assistant Commissioners sanctioned in May 1917 for 4 new Sub-Divisions (4 × 350 × 12)	16,800
(2) Pay of 68 Judicial gumastas of Taluk Office at Rs. 21½ per mensem (21½ × 68 × 12)	17,340
(3) Pay of 16 Magisterial clerks of the Sub-Division Offices at Rs. 25 per mensem (16 × 25 × 12)	4,800
(4) Pay of 8 clerks of the Deputy Commissioners' Offices engaged in Magisterial work at Rs. 25 per mensem	2,400
(5) Pay of the 3 existing Magistrates-250—½—450 (350 × 3 × 12) ...	12,600
Total ..	53,940

10. The net total cost of the scheme will thus be Rs. 1,62,956.

11. The scheme as outlined above will for the sake of convenience be introduced in the first instance, that is to say, with effect from 1st January 1919, into the districts of Bangalore and Shimoga and will be extended later on to the remaining districts of the State.

12. Deputy Commissioners, Heads of Departments concerned and the Registrar of the Chief Court are requested to submit in good time beforehand all necessary proposals for orders including the draft of Notifications to be issued in regard to the constitution of the new Courts, the provision of buildings for their location, the selection of officers and officials, and other matters incidental to the introduction of the new scheme.

13. The Efficiency Audit Officer will be entrusted with the duty of working out the practical details of the Scheme in consultation with the Deputy Commissioners, Heads of Departments concerned and the Registrar of the Chief Court with a view to bring it into operation from 1st January 1919.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

No. J. 4652-61—Cts. 54-17-13, dated 14th May 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. J. 4652-61—Cts. 54-17-13, dated 14th May 1918.

It was brought to the notice of Government that an accused person who was surrendered to the State for trial on the issue of a warrant of extradition by the Hon'ble the Resident was discharged for want of evidence in respect of the offence for which he had been surrendered, but was tried and convicted in a separate case for another offence for which his surrender had not been specifically applied for.

2. This procedure, Government are constrained to observe, involves a grave violation of the well recognised principle that no accused person surrendered under a warrant of extradition to be tried for a particular offence should be tried on another charge for which his surrender has not been granted.

3. Government therefore deem it necessary to impress on all the Magistrates in the State the importance of the principle above mentioned with a view to prevent its future violation. In any case where more offences than one have been committed by a person whose extradition is sought for steps should be taken to see that all such offences are enquired into during the preliminary proceedings and that extradition is applied for on all such charges.

Re-organization of the Police Department.

No. J. 4609-18—Pol. 234-15-10, dated 10th May 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 4376—B. & R. 390, dated the 1st—2nd December 1916, from the Comptroller to Government, forwarding letter No. 1165-112, dated the 1st September 1916, adressed to Government by Mr. C. Srikantesvara Aiyar, B.A., B.L., Inspector-General of Police in Mysore, together with the proposition statement received therewith relating to the reorganization of the Police Department.

2. Letter No. 424-23, dated the 21st July 1911, from Mr. K. R. Srinivasa Iyengar, M.A., Officiating Inspector-General of Police in Mysore, submitting a note* containing modified proposals in the matter.

*Printed with enclosures as annexure.

Order No. J. 4609-18—Pol. 234-15-10, dated 10th May 1918.

The reorganization of the Police Department has been engaging the attention of Government for some time past and both Mr. K. R. Srinivasa Iyengar, the present Inspector-General of Police, and Dewan Bahadur Rajasabhabhushana C. Srikantesvara Iyer, his predecessor in office, have submitted detailed proposals in the matter. The improvement of the morale and efficiency of the force is the chief object in view in this reorganization, and Government trust that the additional expenditure now sanctioned will lead to a decided improvement all round.

(1) Inspectors.

2. *Inspectorate.*—It is recommended that the minimum pay of Inspectors should be raised from Rs. 40 to Rs. 60 per mensem, that progressive salaries should be abolished except in the cases of Special Reserve Inspector and Special Reserve Sub-Inspector, that the horse allowance of Inpectors should be fixed at Rs. 30, Rs. 25 and Rs. 20 instead of the existing rates and that not more than six Probationers at a time should be entertained on Rs. 40—10—50.

To improve the morale of the force by the recruitment of candidates with higher educational, social and physical qualifications, Government consider that the minimum pay of this class of officers requires to be substantially raised and are accordingly pleased to fix the minimum pay of Inspectors at Rs. 60 and to sanction the entertainment of Probationers. The incremental system of pay in the higher grades is not in accordance with the Government Order No. Fl. 6772-821—G. F. 154-16-2, dated 24th April 1917, and the appointments on fixed pay proposed by the Inspector-General are sanctioned. The progressive pay in the cases of the Special Reserve Inspector and the Special Reserve Sub-Inspector will also be converted to fixed pay and the appointments will not be car-marked for any fixed rate of pay, the holders thereof, for the time being, getting the pay of their respective classes. In order to provide for these two places the number of Inspectors on Rs. 150 and Rs. 80 will each be raised by one and there will in future be two Inpectors for the Special Reserve, one a senior officer and the other a junior on smaller pay. As regards the rates of horse allowance, Government consider that the present rates require some enhancement owing to present conditions and there should be only two rates, *viz.*, Rs. 25 and Rs. 20 instead of the three proposed. The proposal of the Inspector-General to replace the nine temporary Inspectors by four temporary Sub-Inspectors on Rs. 40 each and five temporary Inspectors on Rs. 60 each is approved.

(2) Sub-Inspectors.

The Inspector-General of Police is of opinion that Jamadars should be gradually replaced by Sub-Inspectors and that there should be only one class of these officers on Rs. 40+Rs. 15 or Rs 20 as also six probationers on Rs. 25 per mensem. Government accept these

Chief Office, Stores.

8. Government are also pleased to accord sanction to the appointment of one Inspector on Rs. 150 with an allowance of Rs. 30 per mensem for the charge of the stores in the Chief Office in place of the present Store-keeper.

General.

9. The principles laid down by Mr. Srinivasa Iyengar for recruitment to the several grades of officers and men as also his proposal to give effect to the scheme gradually are approved. Government desire that in recruiting to the several grades, the claims of not only the men in the cities but also of those in the districts should be duly considered, and that, as a rule, only natives of Mysore by birth or domicile certified as such by a Gazetted Officer of the State should be appointed to the vacancies. Lists of all appointments and of first promotions should also be submitted to Government. The extra expenditure (as shown in the appendix) resulting from the above orders during the current year should be met from the provision of one lakh of rupees made for the purpose, provision for the additional charge being made in future budgets.

The Inspector-General of Police is requested to submit a duly verified statement showing the distribution of the Inspectors in the new grades for formal sanction in due course.

Superintendents of Police.

11. Suggestions regarding the formation of a separate cadre for Superintendents of Police and recruitment therefor are reserved for separate consideration.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

Annexure.

NOTE ON POLICE REORGANIZATION.

I. Superintendents.—In his letter No. C. 245, dated the 1st April 1914, to Government, Mr. Srikantesvara Aiyar proposed that:—

(i) the Police Superintendents should be formed into a separate cadre which should be recruited in the manner suggested by him in his lette·:

(ii) they should be given a local allowance of at least Rs. 50:

(iii) an appointment of Deputy Inspector-General of Police should be created to provide an opening for the Superintendents.

The Government in their Order No. J. 1919—Pol. 196-14-4, dated the 22nd December 1914, considered that the proposed change will not be in the interests of the Department or the officers, and that it would be sufficient if Assistant Commissioners posted to the Police Department are not disturbed for at least five years.

With due respect, I would, for reasons so strongly urged by Mr. Srikantesvara Aiyar, submit the matter for the reconsideration of Government. The work of the Police Department, like that of other technical Departments, is getting more and more specialized every day; and I think that the frequent interchange of officers between the Police and other Departments cannot but seriously affect efficiency. If efficiency is to be secured, it is very necessary that men who were trained in and have acquired experience of the details of the Department should be kept in it

The proposed formation of the Police Superintendents into a separate cadre need not entail any additional cost. These officers may have, as at present, the same status and scale of pay as the Assistant Commissioners, (*i.e.* 250-50/3-450), two appointments (or at least one proportionate to the number of Police Superintendents as compared with the total number of Assistant Commissioners) on Rs. 500—50—600, being reserved for them out of the number now prescribed for Senior Assistant Commissioners.

If this arrangement is sanctioned, I would not press for the grant of local allowances. The appointment of a Deputy Inspector-General of Police proposed by Mr. Srikantesvara Aiyar, may also be deferred for the present, if Government so please.

As regards the recruitment to the Superintendents' grade, I would suggest the following:—

(i) At least one out of every three vacancies should be filled up from among the Senior Inspectors in the Department.

(ii) The remaining vacancies may be filled up either by the appointment of duly qualified and competent Amildars (so long as Amildars are heads of Police in their taluks), or of Probationers specially selected and trained for the purpose In exceptional cases, Civilian Assistant Commissioners may be appointed as Superintendents for a period of not less than five years; and during their term of such appointment they may be treated as seconded in the list of Assistant Commissioners.

II. Inspectors (permanent).—The maximum pay of the Inspectors now is Rs. 175—5—200 and the minimum pay, Rs. 40. In the British Provinces, the minimum pay of the Inspectors is Rs. 150; and this is the case even in Travancore. Mr. Srikantesvara Aiyar has, in the proposals submitted by him to Government with his letter No. 1165-112, dated the 1st September 1916, suggested the minimum pay of our Inspectors being fixed at Rs. 70. Compared with the rates of pay elsewhere, this is a modest proposal. But in view of the difficulty of replacing the present officers all at once by superior men, I am prepared to reduce the minimum pay of the Inspector to Rs. 60 at present, leaving for future consideration the question of raising it to Rs. 70, as better men are entertained in the Department. Taking the minimum pay at Rs. 60, I propose to distribute the officers in the various classes as follows:—

2	on	Rs. 200
2	do	175
5	do	150
5	do	125
1	do	100—10—150 (Special Reserve)
15	do	100
1	do	75—5—100 (Special Reserve)
20	do	80
25	do	70
42	do	60
6	do	40—10—50 (Probationary Inspectors).

It will be seen that for the Senior Inspectors on Rs. 100 and upwards, instead of a progressive scale of pay as is now in force or proposed by Mr. Srikantesvara Aiyar, I have suggested a fixed pay. This I consider preferable and desirable on more grounds than one

It is only in the case of the Special Reserve Inspector and Sub-Inspector that I have retained the progressive scale. This is because the officers selected for these places which require special qualifications cannot be ordinarily interchanged with the other officers in the districts. My proposals will entail an extra cost of Rs. 2,350 per mensem or Rs. 28,200 per annum over the present scale, as against Rs. 36,270 under Mr. Srikantesvara Aiyar's scheme (*vide* statement attached—Enclosure A). This will, however, be only the ultimate increase under the scheme. In giving effect to the scheme, I propose the adoption of the following course:—

i The benefit of the new scale to be given only to such of the present Inspectors on Rs. 40 and 50 as are found by character and capacity to be deserving of it. The rest will retain only their present pay unless and until they prove themselves fit to come under the new scale.

ii. No officer will be allowed to have more than one grade promotion at a time, merely for the sake of filling up all the vacancies in each class; but will be required to put in two years' service in each class before he is promoted to the next higher class till the full number in each class is filled up.

The above arrangement, if approved, will have the effect of considerably reducing the immediate cost of the scheme, and I do not think that the additional cost for the first year will amount to more than about Rs. 12,000. In the succeeding years it will gradually increase and the rate of increase may be taken at about Rs. 5,000 per year till the full sanctioned scale is reached.

Inspectors (temporary).—There are at present nine temporary Inspectors on Rs. 40 as follows:—

3 for the Registration of Criminal Tribes.
1 for Krishnarajasagara Works.
2 for war duty.
3 for Jui Jutsu training.

Of these, I propose to replace the three Jui Jutsu Instructors and one of the War Inspectors by Sub-Inspectors on Rs. 40 (according to the proposed scale of pay). This will leave only five Inspectors of the last class on Rs. 60 each, against the temporary scale of Rs. 40 each, resulting in an increase of Rs. 5×20 or Rs. 100 per mensem.

Horse allowance.—The Inspectors are now ordinarily given a horse allowance of Rs. 15 which is quite insufficient for the maintenance of a horse in these days of high prices, and the result has been that many of the Inspectors keep either no horses at all or sorry specimens of them. With the slender pay we are paying them it is cruel to expect them to use any portion of it for the maintenance of a horse. Mr. Srikantesvara Aiyar has, in the proposals sent up by him to Government, suggested the raising of the horse allowance to Rs. 20. This may ordinarily do for moffusil stations; but it is in my opinion quite inadequate for the Cities and the Malnad and other costly stations. I would therefore propose three rates of horse allowances:—

Rs. 30 for the Cities, Kolar Gold Fields and the Malnad stations and a few of the very costly stations, such as Bowringpet, Davangere, etc., (*vide* list attached—Enclosure B).

Rs. 25 for District Headquarter stations, semi-malnad and other costly stations (*vide* list attached—Enclosure C).

Rs. 20 for the rest.

The special coffee allowance of Rs. 50 paid to the Inspectors of Manjarabad, Koppa and Mudgere may be abolished.

Inspectors in the Cities and Kolar Gold Fields, as also Headquarter Inspectors may, in special cases, be individually permitted (as is the rule at present) by the Inspector-General to maintain a bicycle instead of a horse; and when so permitted they may draw a cycle allowance of half the amount of the horse allowance.

No. J. 4609-18—Pol. 234-15-10, dated 10th May 1918.

The above proposals, if approved, will result in an increase of Rs. 595 per mensem or Rs. 7,140 per annum as shown below:—

Present			Proposed		
No.	Rate	Total per mensem	No.	Rate	Total per mensem
	Rs.			Rs.	
27	20	540	39	30	1,170
76	15	1,140	21	25	525
			43	20	860
103		1,680	103		2,555
	Coffee allowance of Rs. 50 each to three Inspectors. ...	150		Cycle allowance of Rs. 10 each to two Inspectors in Chief Office who do not now get any allowance. ...	20
103		1,830	105		2,575
	NOTE.—Fifteen Inspectors do not get allowances; ten Prosecuting Inspectors, two in Chief Office, two C. I. D. (they get special allowances) and one of B—N Railway.			Savings anticipated by substitution of cycle for horse allowance.	150
					2,425
				Increase, Rs. 595 per mensem, or Rs. 7,140 per annum.	

III. Sub-Inspectors.—Mr. Srikantesvara Aiyar has proposed the entire replacement of the present Jamadars by Sub-Inspectors whose pay has been fixed by him at Rs. 30 and 40. In Madras, the minimum pay of a Sub-Inspector is Rs. 50; and considering the large powers with which he is vested in the investigation of cases for which he is primarily responsible, it is necessary to fix his pay at a figure which will attract duly qualified men to the place and keep them above temptations. I think that the pay of the Sub-Inspector should therefore be not less than Rs. 40, and would accordingly propose to have only one grade on Rs. 40, instead of two grades on Rs. 40 and Rs. 30 respectively as suggested by Mr. Srikantesvara Aiyar.

The replacement of the Jamadars by Sub-Inspectors cannot be effected all at once as most of our present Jamadars are not fit for appointment as Sub-Inspectors, and they cannot be simultaneously thrown out and replaced by competent Sub-Inspectors. I therefore propose to increase the number of Sub-Inspectors for the current year from 12 to 40 and then gradually raise the number at the rate of not more than 20 every year, as vacancies occur among the Jamadars or as competent men among them become available for promotion. I would also propose that provision be made for six Probationary Sub-Inspectors on a pay of Rs. 25 per mensem.

As the number of Jamadars is reduced by the appointment of Sub-Inspectors, there will be a corresponding reduction in the last grade Jamadari on Rs. 20, the number on Rs. 25 being kept at the present figure till all those on Rs. 20 are absorbed.

No. J. 4609-18—Pol. 234-15-10, dated 10th May 1918.

The existing and proposed scales are shown below:—

Present.			Rs.
Sub-Inspectors	12	on Rs. 30	360
Jamadars	94	„ 25	2,350
Do	123	„ 20	2,460
Total ...	229		5,170

Proposed (Final Scheme)			Rs.
Sub-Inspectors	229	on Rs. 40	9,160
Probr. do	6	„ 25	150
Total ...	235		9,310
Increase per mensem			4,140
„ per annum			49,680

Proposed for 1917-18.

Sub-Inspectors	40	on Rs. 40	1,600
Probr. do	6	„ 25	150
Jamadars	94	„ 25	2,350
Do	95	„ 20	1,900
Total ...	235		6,000
Increase per mensem			830
Do per annum			9,960

The ultimate additional cost will be Rs. 49,680 per annum. Of this only Rs. 9,960 will be required for the current year, and there will be a steady increase of Rs. 4,800 annually for the next five years, and Rs. 3,500 for five years thereafter until the full maximum is reached.

If Mr. Srikantesvara Aiyar's scheme of having two grades of Sub-Inspectors on Rs. 30 and 40 be adopted, the ultimate total additional cost will amount to only Rs. 30,600 per annum, as shown below:—

		Rs.
For 70	Sub-Inspectors at 40	2,800
159	do 30	4,770
Total ... 229		7,570
Add 6	Probr. Sub-Inspectors at 25	150
		7,720
Deduct present cost		5,170
Excess per mensem		2,550
Do per annum		30,600

The immediate additional cost for the current year will also be reduced by about Rs. 280 per mensem or Rs. 3,360 per annum (as 28 out of the total number of 40 Sub-Inspectors to be entertained during the year may be then placed in the 30 Rs. class) and will therefore amount to only Rs. 6,600.

Horse allowance.—The present Sub-Inspectors and Jamadars are given respectively a horse allowance of Rs. 12 and Rs. 8 in the Maidan and Rs. 16 and Rs. 12 in the Malnad. These officers generally maintain small-sized ponies, or *tats*; but even then the allowance given therefor is quite inadequate for their maintenance. I would therefore propose to raise the horse allowance of Sub-Inspectors to Rs. 15 in the moffusil and less costly places and to Rs. 20 in the District Headquarters, Malnad and the costlier stations. In the case of Jamadars, the allowance may be fixed at Rs. 15 and 12, respectively, those stationed on the Kolar Gold Fields, in the Cities and Headquarter Towns being given a cycle allowance at half the above rates in lieu of horse allowance when they are permitted by the Inspector-General to maintain a cycle instead of a horse. The additional cost under this head will amount to about Rs. 9,000 as shown below:—

		Per month Rs.
To 10	Sub-Inspectors at 20	200
90	Do and Jamadars at 15	1,350
57	Jamadars 12	684
16	Do 8	128
56	Do 6	336
		2,698
	Deduct present H. A.	1,953
	Excess per mensem	745
	Do per annum	8,940

No. J. 4609-18—Pol. 234-15-10, dated 10th May 1918.

IV. Daffedars and Sergeants.—These correspond to Head Constables in British India, whose pay ranges from Rs. 16 to Rs. 25. We now have 3 grades of Duffedars and Sergeants with pay at Rs. 12, 14 and 16. It is proposed by Mr. Srikantesvara Aiyar to raise their scale to Rs. 14, 16 and 20. As it is proposed to raise the maximum pay of the constables to Rs. 12, it is necessary that the Daffedar should start on at least Rs. 14. The total additional cost involved in the proposal will be Rs. 582 per mensem or 6,984 per annum, as shown below:—

Present			Proposed		
No.	Pay	Total	No.	Pay	Total
	Rs.	Rs.		Rs.	Rs.
133	16	2,128	34	20	680
154	14	2,156	136	16	2,176
213	12	2,556	330	14	4,620
500	.....	6,840	500	.....	7,476

	Rs.	
Increase	636	
Deduct savings in allowance as proposed by Mr. Srikantesvara Aiyar	54	
Net increase	582	per mensem
	or 6,984	per annum.

As it may not be desirable to give full effect to the scheme at once until the last class of Jamedars on Rs. 20 is eliminated, the immediate additional cost for the current year is not likely to exceed Rs. 5,000.

V. Constables.—The present scale of pay is Rs. 8 and 9 in the districts and Rs. 8, 9, 10 and 11 in the Cities of Bangalore and Mysore. On the Kolar Gold Fields and in the Bowringpet Town, the men are paid only Rs. 8 and 9, but they get an additional local allowance of Rs. 4 each. It is found impossible to get recruits of the right kind in the districts on the present low scale of pay, and in consequence we have to be satisfied with any uneducated and undesirable man we could get. Even then, from 6 to 12 per cent of the Force is vacant in the several districts. It is therefore of the utmost urgency and importance that the pay of the constabulary should be increased so as to attract men of the right stamp to the place. Mr. Srikantesvara Aiyar has proposed to fix the pay at Rs. 9 to 12 for the Cities, and Rs. 8 to 11 for the districts; and I do not think that this is too much. I would propose that in addition to the above, the constables in costly stations like Davangere, etc., be paid a local allowance of one rupee each. The men on the Kolar Gold Fields and in the C.I.D. may be given the same scale of pay as in the Cities with a local allowance of Rs. 3 each instead of Rs. 4 and Rs. 5 respectively as at present. The local allowance of the men in Bowringpet Town may be reduced from Rs. 4 to Rs. 2 as they will get a higher scale of pay in the new scheme. The existing malnad and other special and local allowances to constables may be as at present.

The pay of the constables may be regulated as follows:—

Rs. 8 in Districts „ 9 in Cities	On entertainment.
„ 9 in Districts „ 10 in Cities	After two years, during which the recruit must pass from the Police Training School.
„ 10 in Districts „ 11 in Cities	After seven years of service.
„ 11 in Districts „ 12 in Cities	After fifteen years of service.

In respect of the men already in service,

i. those on Rs. 8 to be given Rs. 9 if they have put in an approved service of three years.

ii. those on Rs. 9 to be given Rs. 10 if they are literate and have put in 8 years' service.

No. J. 4609-18—Pol. 234-15-10, dated 10th May 1918.

iii. those on Rs. 10 to be given Rs. 11 if they have put in Fifteen years' service.

Similar conditions to be made applicable *mutatis mutandis* to the constables of the Cities also.

The increase in expenditure which the above proposals will entail will be about Rs. 72,414 per annum, as detailed below:—

Present			Proposed			
No.	Pay	Total	No.	Pay	Average rate	Total
	Rs.			Rs.	Rs.	Rs.
113	11	1,243	797 Cities	9—1—12	10·5	8,368½
146	10	1,460	K. G. F.,			
1,203	9	10,827	C. I. D.			
3,561	8	28,488	4,226	8—1—11	9·5	40,147
10	6	60	...	...	...	...
5,033	...	42,307	5,023	...	...	48,515½
The exact number will have to be determined later in consultation with the Deputy Commissioners. But it is not likely to exceed 100.			* Extra allowance to about 100 men at 1 ...			100
						48,615½
			Deduct savings in allowances of men on Kolar Gold Fields, in Bowringpet Town and C. I. D. ...			274
			Net cost per month ...			48,341½
			Net increase per mensem ...			6,034½
			Do per annum ...			72,414

All this expenditure will however not be required immediately, as most of the men are now drawing only Rs. 8 and Rs. 9; and these will not get a promotion unless they have put in 3 and 8 years of service respectively, and in the case of the latter unless they are also literate. The total number that would get an immediate increase of pay under these arrangements is not expected to be more than Rs. 2,000 so that the cost for the current year will not exceed Rs. 30,000 This will go on gradually increasing till it reaches the maximum of Rs. 72,414 which will be in about ten years' time.

A progressive scale of pay may perhaps be considered as open to financial objections; but it is not a novel one as I understand it is in force in the Civil and Military Station as well as in British India, and is based on the report of the Police Commission. (*Vide* extract attached—Enclosure D). I would therefore strongly advocate its adoption in respect of the constables as being more suited to them than the fixed pay system, as any one entering service on Rs. 8 can feel assured that provided he behaves well and gets no black marks, he can retire on the maximum pay of the place at the end of his service. If, however, the progressive scale does not meet with the approval of Government, I would fix the number in each class as follows:—

i. For Cities—The number of men on Rs. 9, 10, 11 and 12 to be in the ratio of 1:2:2:1. This will give an average of Rs. 10-8-0 per man.

ii. For the Districts—The number on Rs. 8, 9, 10 and 11 to be in the same ratio, *i.e.*, 1:2:2:1. This will give an average of Rs. 9-8-0 per man.

I have proposed a comparatively smaller percentage in the last class as it is only in this class that desertions are more common and it is therefore necessary to provide for a man entering in it getting his next promotion as quickly as possible, to induce him to remain in the Force.

The total cost involved in these proposals will be the same as that under the increment system, as the average pay of the men works out the same in both:—

In giving effect to the above scale of pay the following procedure may be adopted:—

i. All the men on Rs. 8 in the Cities, Kolar Gold Fields and the C. I. D. to be given Rs. 9 at once.

No. J. 4609-18—Pol. 234-15-10, dated 10th May 1918.

iii. those on Rs. 10 to be given Rs. 11 if they have put in Fifteen years' service.

Similar conditions to be made applicable *mutatis mutandis* to the constables of the Cities also.

The increase in expenditure which the above proposals will entail will be about Rs. 72,414 per annum, as detailed below :—

Present			Proposed			
No.	Pay	Total	No.	Pay	Average rate	Total
	Rs.			Rs.	Rs.	Rs.
113	11	1,243	797 Cities	9—1—12	10·5	8,368½
146	10	1,460	K. G. F.,			
1,203	9	10,827	C. I. D.			
3,561	8	28,488	4,226	8—1—11	9·5	40,147
10	6	60	...	...	...	...
5,033	...	42,307	5,023	...	...	48,515½
* The exact number will have to be determined later in consultation with the Deputy Commissioners. But it is not likely to exceed 100.			* Extra allowance to about 100 men at 1 ...			100
						48,615½
			Deduct savings in allowances of men on Kolar Gold Fields, in Bowringpet Town and C. I. D. ...			274
			Net cost per month ...			48,341½
			Net increase per mensem ...			6,034½
			Do per annum ...			72,414

All this expenditure will however not be required immediately, as most of the men are now drawing only Rs. 8 and Rs. 9; and these will not get a promotion unless they have put in 3 and 8 years of service respectively, and in the case of the latter unless they are also literate. The total number that would get an immediate increase of pay under these arrangements is not expected to be more than Rs. 2,000 so that the cost for the current year will not exceed Rs. 30,000. This will go on gradually increasing till it reaches the maximum of Rs. 72,414 which will be in about ten years' time.

A progressive scale of pay may perhaps be considered as open to financial objections; but it is not a novel one as I understand it is in force in the Civil and Military Station as well as in British India, and is based on the report of the Police Commission. (*Vide* extract attached—Enclosure D). I would therefore strongly advocate its adoption in respect of the constables as being more suited to them than the fixed pay system, as any one entering service on Rs. 8 can feel assured that provided he behaves well and gets no black marks, he can retire on the maximum pay of the place at the end of his service. If, however, the progressive scale does not meet with the approval of Government, I would fix the number in each class as follows:—

i. For Cities—The number of men on Rs. 9, 10, 11 and 12 to be in the ratio of 1 : 2 : 2 : 1. This will give an average of Rs. 10-8-0 per man.

ii. For the Districts—The number on Rs. 8, 9, 10 and 11 to be in the same ratio, *i.e.*, 1 : 2 : 2 : 1. This will give an average of Rs. 9-8-0 per man.

I have proposed a comparatively smaller percentage in the last class as it is only in this class that desertions are more common and it is therefore necessary to provide for a man entering in it getting his next promotion as quickly as possible, to induce him to remain in the Force.

The total cost involved in these proposals will be the same as that under the increment system, as the average pay of the men works out the same in both :—

In giving effect to the above scale of pay the following procedure may be adopted :—

i. All the men on Rs. 8 in the Cities, Kolar Gold Fields and the C. I. D. to be given Rs. 9 at once.

No. J. 4609-18--Pol 234-15-10, dated 10th May 1918.

ii. Until all the vacancies are filled up, no constable to be promoted from one class to another until he has put in three years' service in that class.

iii. No constable to be ordinarily started in any class other than the last, exceptions in individual cases to be reported to the Inspector-General and sanction obtained.

iv. Only literate men to be eligible to Rs 11 and upwards in Cities, and Rs 10 and upwards in Districts.

The additional number of men that will immediately get a promotion of one rupee under this arrangement is, as already stated, not likely to exceed 2,500 and the additional cost may not therefore amount to more than Rs 30,000 during the first year. This figure will go on increasing gradually till the full prescribed scale is reached in about five years.

VI. Police Training School The present staff of the Police Training School consists of

1 Principal on	Rs. 200	plus	20
1 Inspector	„ 150	„	20
1 do	„ 100	„	20
1 do	„ 70	„	20
1 Sub-Inspector	„ 30	„	12
1 Jamadar	„ 25	„	10

The number of men trained in the school annually is approximately 12 in the Inspectors' class, 30 in the S. H. O. classes and 200 in the Constables' classes The course of the Inspectors' and the S. H. O classes is for a year, while that of the Constables' class extends only for six months, so that 2 batches of constables are annually trained at about 100 at a time.

For reasons explained by Mr Srikantesvara Aiyar in his letter No. C 241, dated the 1st April 1914, I think that if the school is to be maintained at a high standard of efficiency, it is very necessary that it should be placed under an officer of the grade of a Superintendent or an Assistant Superintendent of Police, with a local allowance of Rs. 50

As regards the instructors, instead of a separate scale of pay for any of them, it is desirable to select all of them from among the Inspectors, and in order to induce the law graduates and other good officers among them to work with zeal and devotion, we must grant them a suitable local allowance, which I would fix at Rs 40 for Inspectors and Rs. 25 for Sub-Inspectors. The Special Instructor on Rs. 150 will then be merged in the cadre of Inspectors whose number will be increased by one for the purpose The Jamedar will be replaced by a Sub-Inspector

We have now got a Shorthand Instructor on Rs 25 for the school, but he is quite useless It is impossible to get a competent man for anything less than Rs 50. I would therefore propose the appointment of a qualified instructor on Rs. 50--5—75 and make Shorthand compulsory for Inspectors. Similarly, I would make Photography also compulsory and pay an allowance of Rs. 25 per mensem to a qualified instructor.

No provision is now made to train the recruits in equitation. As this is a very necessary qualification for Inspectors, I would, as proposed by Mr Srikantesvara Aiyar, have a Riding class opened at an expenditure of about Rs 180, required for the maintenance of 4 horses with a Riding Master.

The present accommodation for the school and the Hostel attached to it is found quite inadequate and it is absolutely necessary that 2 or 3 more houses should be taken up, if possible, in the vicinity until a separate block of buildings for the school is constructed by Government. For this purpose, an increase of about Rs. 80 per mensem in the provision for house rent is necessary

The total additional cost which will be entailed by these proposals amounts to Rs. 6,030 per annum as detailed below —

	Rs.
Increase of pay and allowance to Principal ...	100
Do allowance to 3 Inspectors and 2 Sub-Inspectors ...	80
Do pay of Shorthand Instructor	37½
Allowance to Photography Instructor	25
Riding School	180
House rent for additional accommodation	80
Increase per mensem ...	502½
Do per annum ...	6,030

Additional School for Constables.—At present we can train only 200 constables a year in the school, whereas our requirements are for about 400 constables every year, this being the number of men newly recruited annually. It is therefore necessary either to provide accommodation for another 200 men in the present school or open another school in some

other convenient centre for the purpose. If this is approved, the cost of the additional school will be about Rs. 7,000 per annum, as detailed below :—

		Rs.
1 Inspector on Rs. 100 plus 40 ...	... ...	140
2 Sub-Inspectors on Rs. 40 plus 25	..	135
4 Drill Instructors on Rs. 16 to 20	...	75
1 Clerk on Rs. 20 ...	... ...	20
2 Peons on Rs. 9 ...	... ...	18
Allowance to constables and other incidental charges		200
	Total per mensem ...	583
	Total per annum ...	6,996

This may, however, be deferred for the present and taken up for the next year by which time detailed proposals will be submitted for the orders of Government.

VII. District Police Offices.—In paragraph 11 of his letter No. 1165—112, dated the 1st September 1916, Mr. Srikantesvara Aiyar has dealt with the necessity for increasing the staff in the District Police Offices, as well as their pay. The extra cost of his proposals amounts Rs. 12,000 per annum. I have discussed the subject with the Superintendents and as agreed to by them, I propose to restrict the additional expenditure, for the present, to Rs. 6,780 per annum, as detailed below :—

Present.			Proposed.		
	Rs.	Rs.		Rs.	Rs.
9 Head Munshis on ..	40	360	9 Head Clerks on ...	50	450
10 Munshis ...	30	300	2 Clerks ...	40	80
6 Do ...	25	150	10 Do ...	35	350
4 Do ...	20	80	10 Do ...	30	300
8 Do ...	15	120	11 Do ..	25	275
			6 Do ...	20	120
37		1,010	48		1,575

Increased cost per mensem Rs. 565
Do per annum Rs. 6,780

The increased expenditure is due to :—

i. the raising of the pay of Head Munshis from Rs. 40 to Rs. 50,
ii. the additional staff required for the offices of some of the Superintendents to satisfactorily cope with the work ;
iii. the raising of the minimum pay of the clerks to Rs. 20.

VIII. Finger Print Bureau and C.I.D.—Against an additional expenditure of Rs. 5,880 per annum proposed by Mr. Srikantesvara Aiyar under these heads (*vide* para 8 of his letter), I shall be satisfied for the present with an additional staff of one Sub-Inspector and a clerk for the Finger Print Bureau and one Sub-Inspector for the C. I. D., at a cost of Rs. 1,860, as shown below :—

		Rs.
2 Sub-Inspectors at Rs. 40 plus 20	... ...	120
1 Clerk on Rs. 35 ...	... ...	35
	Cost per mensem ...	155

IX. Improvement of Ookad Toties.—In paragraph 13 of his letter of the 1st September 1916, Mr. Srikantesvara Aiyar has proposed to raise the pay of the Ookad Toties from Rs. 2 to Rs. 3 in the maidan and to Rs. 4 in the malnad, and has estimated the extra expenditure which this will entail at Rs. 12,000. I quite agree with Mr. Srikantesvara Aiyar about the necessity for the increased remuneration proposed by him for this useful class of public servants. I think however—and in this, most of the Police Superintendents whom I consulted agree—that it should be possible to effect a considerable saving by the abolition of some of the existing ookads, and that an additional sum of not more than Rs. 6,000 will be sufficient under this head.

X. Chief Office Stores.—The Stores of the Police Department to the value of nearly half a lakh of rupees are now left in the charge of a Store-keeper on a small pay of Rs. 35—3—50. Considering the risks and the heavy responsibility involved in the work, it is necessary to place a reliable officer of some status in charge of it. I would, therefore, propose the addition to the cadre of Inspectors of an officer on Rs. 150 for the charge of the Stores, with an allowance of Rs. 30.

No. J. 4609-18—Pol. 234-15-10, dated 10th May 1918.

XI. Buildings.—The proposals contained in the preceding paragraphs relate to permanent recurring charges which have to be provided for in the Police Budget. Besides this, we require, as pointed out in paragraph 12 of Mr. Srikantesvara Aiyar's letter, a liberal provision under the Public Works Budget for the urgent buildings—Stations and Lines—required for the Department. The requirements under this head are estimated at about 24 lakhs of rupees and an annual provision of about 2½ lakhs of rupees for about ten years will enable us to satisfy the urgent and necessary requirements of the Department.

A short summary of the proposals with the ultimate additional expenditure which they entail as also the additional cost required for the first year is hereto attached

---

I. Superintendents.—(i) Cadre to be made separate. Pay to be same as that of the Assistant Commissioners, *i.e.*, Rs. 250—50—450. Two or at least one place on Rs. 500—50—600 (corresponding to Senior Assistant Commissioner) to be reserved for the Superintendents

(ii) If cadre cannot be made separate, an allowance of Rs. 50 to be given to the Superintendents to induce tried men to join and remain in the Department.

(iii) At least one-third of the vacancies to be filled up by the promotion of Inspectors.

II. Inspectors.—(i) Minimum pay to be raised from Rs. 40 to Rs. 60.

(ii) In the higher grades, increment system to be replaced by appointments on fixed pay, except in the cases of the Special Reserve Inspector and Sub-Inspector.

(iii) Vacancies among Inspectors to be filled up as follows :—

(*a*) Not less than one-third by promoting competent men among the Sub-Inspectors.

(*b*) The rest by direct recruitment. Recruits selected for Inspectors' places should be graduates. In the case of members of backward communities, if no graduates are available among them, under-graduates may be selected. The men selected to be on probation for two years, during which period they should pass the Local Service Criminal Higher Examination, and also the prescribed test from the Police Training School, including Equitation and Shorthand, and undergo some training in practical work.

(iv) The Probationers to be paid Rs. 40 in the first year and Rs. 50 in the second and subsequent years till they are appointed to vacancies among Inspectors. There are to be not more than six Probationary Inspectors at a time, in excess of the sanctioned scale of Inspectors till they are confirmed as Inspectors.

(v) In applying the proposed new scale to the existing men, the following procedure to be adopted :—

(*a*) Only those on Rs. 40 and Rs. 50 who are found fit by character and capacity to be placed in the new scale and given the benefit of it. The rest to continue on their present pay or to be graded with Sub-Inspectors until they are provided for elsewhere or prove themselves fit to be placed in the new scale

(*b*) Until all the grades are filled up, no officer drawing Rs. 60 and upwards to be ordinarily given more than one grade promotion at once, or to be promoted from one grade to another until he has put in two years' service in it.

(vi) Horse allowance of Inspectors to be fixed at Rs. 30, 25, 20 according to the locality. Inspectors in Cities as also Headquarter Inspectors, etc., to be permitted to exchange their horse allowances for cycle allowances at half the rates.

III. Sub-Inspectors and Jamedars.—(i) All Jamedars to be gradually replaced by Sub-Inspectors at the rate of about 20 every year.

(ii) Pay of Sub-Inspectors to be fixed at Rs. 40 plus horse allowance of Rs. 20 or Rs. 15 according to the locality.

(iii) Recruitment of Sub-Inspectors to be as follows :—

(*a*) Not less than one-third from among the Daffedars and Sergeants.

(*b*) Rest by direct recruitment. Men directly recruited should be Matriculates or have passed the S. S. L. C. In the case of men of backward communities, Lower Secondary in English to be the minimum qualification required if S. S. L. C. men or Matriculates are not available among them. The selection of men below the Matriculation or S. S. L. C. standard should be resorted to however only in exceptional cases, as considering the nature of the work to be done by these officers and the knowledge of law required of them it is very desirable that they should have received a fair amount of general education.

No. J. 4609-18—Pol. 234-15-10, dated 10th May 1918.

(c) Men directly recruited to be ordinarily on probation for not less than one year during which period they should pass the Criminal Lower examination and also the prescribed test from the Police Training School. Their pay during the probationary period may be fixed at Rs. 25 per mensem.

(d) The number of Probationary Sub-Inspectors (in excess of the sanctioned scale of Sub-Inspectors) not to exceed 6 at a time.

(iv) Horse allowance of Jamedars to be increased to Rs. 12 or 15, till they are replaced by Sub-Inspectors.

IV. Daffedars and Sergeants.—(i) Pay to be raised to Rs. 14, 16 and 20, from Rs. 12 14 and 16, respectively.

(ii) Recruitment to be as follows :—

(a) Not less than one-third by promoting competent constables.

(b) Rest by direct recruitment. Recruits must have passed at least the Lower Secondary Examination in English or Kannada and should undergo a satisfactory training in the P. T. S. before being confirmed.

V. Constables.—(i) Pay to be fixed as follows:—

Either (a)

	Districts	Cities
	Rs.	Rs.
On recuitment	8	9
After two years' service during which recruit must pass from P. T. S.	9	10
After another five years	10	11
After another eight years	11	12

or (b)

The total number of men in each of the 4 classes on Rs. 8, 9, 10 and 11 in the districts and on Rs. 9, 10, 11 and 12 in the cities respectively to be in the ratio of 1: 2: 2: 1.

(ii) Only literate men to be entitled to a pay of Rs. 10 and 11 in districts and of 11 and 12 in cities.

(iii) A local allowance of one rupee to be given to men in costly places such as Davangere, etc.

(iv) In Kolar Gold Fields and in Bowringpet Town the same scale of pay as in cities and in districts respectively to be fixed. But the present local allowances of Rs. 4 to be reduced to Rs. 3 on the Fields and Rs. 2 in Bowringpet. The C. I. D. men to be given the same scale as that in cities with a local allowance of Rs. 3 instead of Rs. 5 as at present.

(v) The existing malnad and other allowances to continue as at present.

VI. Police Training School.—(i) The Principal to be of the Superintendent's grade with a local allowance of Rs. 50.

(ii) The teaching staff of Inspectors and Sub-Inspectors to be given a local allowance of Rs. 40 and Rs. 25 respectively.

(iii) Qualified instructors to be appointed for Shorthand and Photography so that these subjects may be made compulsory in the Inspectors' class.

(iv) Arrangement to be made for training in Equitation.

(v) An additional school to be opened for constables in another convenient centre.

VII. District Police Offices.—(i) Pay of the Head Munshis to be raised to Rs. 50.

(ii) Minimum pay of a clerk to be Rs. 20.

(iii) Number of clerks to be increased in offices where work is heavy.

VIII. Finger Print Bureau and C. I. D.—An additional Sub-Inspector and a clerk for the Finger Print Bureau, and an additional Sub-Inspector for the C. I. D. to be entertained.

IX. Ookad Totis.—Pay to be raised from Rs. 2 to Rs. 3 in the Maidan and Rs. 4 in the Malnad.

Number of Ookads to be reduced by the abolition of those at places where they are not quite needed.

X. Chief Office Stores.—An officer on Rs. 150 plus 30 to be added to the cadre of Inspectors for the charge of the Stores.

No. J. 4609-18—Pol. 234-15-10, dated 10th May 1918.

Enclosure D.

Extract from Indian Police Commission Report regarding pay of constables.

"The great object is to induce men to remain in the Police by giving them definite hopes of some increase in emoluments if their service is approved. The grade system of promotion does not secure this; it is uncertain in its operation; and this uncertainty is fatal in the case of men on such low pay. The first increase of pay also comes too late, and resignations in the first years of service are very numerous. The Commission would, therefore, recommend that to the minimum fixed as above there should be added one rupee per mensem after three years of approved service from date of recruitment, and another rupee after five years more of approved service from date of the first increase. This would tend to keep men in the service for at least eight years; and after that their claim to pension and their hopes of promotion to the head constable class would probably be strong enough inducements to remain; but it would undoubtedly make Police service more popular to offer another increase of one rupee at the end of seven years more (*i.e.*, a total of fifteen years) of approved service, and the Commission recommend this."

No. J. 4862-70—Pol. 157-17-3, dated 30th May 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 7635-539, dated the 2nd—7th May 1918, from the Inspector-General of Police in Mysore, submitting the Report on the working of the Mysore Arms Regulation and the Rules framed thereunder for the calendar year 1917.

Printed as annexure

2. Letter No. 7953-567, dated the 18th—20th May 1918, from the same officer reporting that neither guns nor ammunition were manufactured in the Kolar District during the year.

Order No. J. 4862-70—Pol. 157-17-3, dated 30th May 1918.

Recorded.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Inspector-General of Police in Mysore.
The District Magistrates of Districts.

Annexure.

No. 7635—539, dated 2nd—7th May 1918, from K. R. Srinivasiengar, Esq., M.A., Inspector-General of Police in Mysore, to C. S. Balasundaram Iyer, Esq, B.A., Chief Secretary to the Government of His Highness the Maharaja of Mysore, Bangalore.

I have the honor to submit the following Report on the working of the Mysore Arms Regulation and the Rules framed thereunder for the calendar year 1917.

2. Statement No. I attached hereto shows the total number and the description of licenses issued under the various forms. It will be seen from it that 18,183 licenses were issued during the year against 17,734 in the year previous, showing a net increase of 449 licenses as detailed below.—

District	Increase	Decrease
1. Bangalore	185	...
2. Kolar	...	74
3. Tumkur	...	287
4. Mysore	...	66
5. Hassan	...	64
6. Shimoga	721	..
7. Kadur	...	58
8. Chitaldrug	92	...
Total ...	998	549
	Net increase 449	

The increase has been solely in the three Districts of Shimoga, Bangalore and Chitaldrug, the figures being 731, 185 and 92 respectively. The District Magistrates of the last

No. J. 4862-70—Pol. 157-17-3, dated 30th May 1918.

two districts attribute the increase in their districts to the disposal during the year of several pending applications of previous years and to the grant of licenses to new applicants, who encamped outside towns and villages evacuated owing to plague. The large increase of 721 licenses in the Shimoga District is due partly to the fresh licenses under Form VII issued in place of those whose term of five years expired in 1916 and partly to the increase in the licenses issued in Form IV. In Form V, only one license to go armed on a journey was issued against nil in the preceding year. This was in the Tumkur District.

3. Statement No II shows the number of licensed dealers in sulphur, their stock and the purposes for which it was sold during the year 1917. It will be seen from it that the total number of persons licensed to deal in sulphur fireworks as well as medicine during the year was 95 or 4 less than in the previous year. The quantity of sulphur on hand with the dealers at the beginning of the year was 9 tons 10 cwts., 3 qrs. and $11\frac{4}{7}$ lbs. or 3 qrs. and $20\frac{7}{20}$ lbs. less than the closing balance on the last day of December 1916. This discrepancy is due to inaccuracies in the information furnished by the Districts in the previous years reports.

4. Statement No. III shows the number of shops licensed in Forms II and III and the results of their inspection by the Police and the Magistracy. The total number of shops for which licenses were issued during the year was 111 or 19 less than in the previous year. One hundred and six of these were inspected either by the Police or by the Magistrates against 113 in the previous year. The average number of shops inspected by the Police Inspector during each quarter was 69. The Superintendent inspected 70 out of the 111 shops. The inspections in the Districts of Shimoga and Kadur have been far from satisfactory, the number which remained uninspected in these districts amounting to 15 and 21 out of a total of 19 and 23 shops respectively. The inspection by the Magistracy also leaves scope for improvement only 49 shops having been inspected by them during the year.

5. Fifty-six persons in 54 cases were prosecuted, of whom 36 persons in 35 cases were convicted, 12 persons in 11 cases were acquitted or discharged, 7 persons in 7 cases were awaiting trial at the end of the year and the case against 1 person was withdrawn.

The one case involving one person that was pending at the close of the year 1916 in each of the Districts of Bangalore and Tumkur ended in conviction during the year.

6. It is reported that 7 guns were manufactured in each of the Districts of Bangalore, Tumkur and Shimoga. Information on this point has not yet been received from the Kolar District. It has been called for and will be submitted on receipt. No guns were manufactured in the remaining districts. In the Bangalore District, $2,183\frac{1}{8}$ lbs of country gunpowder is reported to have been manufactured during the year.

No. I.—Statement showing the number and description of licenses issued by the District Magistrates in the Mysore State for the year 1917 and the previous year.

Circular No 7882-9—L. B 191-13, dated 14th February 1914, requesting the Deputy Commissioners of Districts to furnish information about the requirements of the districts in the matter of roads, the financial ability of the District Boards to construct new roads and to maintain them after construction.

2. Correspondence ending with the following communications from the Deputy Commissioners forwarding programmes of roads required for each district and furnishing the information called for in the above.

No. 49, dated 22nd July 1914, from the Deputy Commissioner, Bangalore District.
,, 116, dated 28th July 1914, from the Deputy Commissioner, Kolar District
,, 504, dated 12th May 1914, from the Deputy Commissioner, Tumkur District.
,, 59, dated 15th July 1914, from the Deputy Commissioner, Mysore District.
,, 425, dated 30th May 1914, from the Deputy Commissioner, Hassan District.
,, 322, dated 23rd June 1914, from the Deputy Commissioner, Shimoga District.
,, 560, dated 1st June 1914, from the Deputy Commissioner, Kadur District.
,, 125, dated 2nd September 1914, from the Deputy Commissioner, Chitaldrug District.

3. Memo No. 249—P. W. D., dated the 16th November 1915, from the Chief Engineer forwarding a consolidated statement furnishing details in regard to the existing State and District Fund roads as also the particulars about the new roads proposed by the Deputy Commissioners, and stating that it would be sufficient if the marginally noted eight roads, for which projects are under preparation, are taken up as being the most important

District	Name of Road	Length in miles
Bangalore	... Kengeri to Tavarekere	7
Kolar	... Srinivaspur to Punganur	10
Tumkur	... Maddagiri to Hindupur	19
Mysore	... Nagamangala to Sravana-belagola	15
Hassan	... Channarayapatna to Hole-Narsipur	7
Shimoga	... Ambligola to Anantapur or Channagiri-Bukkambudi	10
Kadur	... A loop road to connect the Tarikere-Augumbe road with Tuthahalli-Augumbe road	
Chitaldrug	... Chitaldrug to Turuvanur or Naikanhatti	22

Order No. 6541-51- L. B. 191-13-28, dated the 21st May 1918.

The question of improving road facilities in the State has been engaging the consideration of Government for some time. It is observed that though the State is adequately served by suitable trunk roads so far as the main lines of communications are concerned, the communications in the interior parts of the State are both inadequate and defective. Having regard to the great importance of opening up the country by means of good roads and its direct effects on the advancement of agriculture and trade, Government consider that it is essential to take steps to provide for a systematic scheme for improvement in this direction.

2. The responsibility of providing facilities for communications in the areas under the jurisdictions of local bodies rests primarily with the District Boards concerned.

No. 6541-51—L. B. 191-13-28, DATED 21ST MAY 1918.

But these Boards have been unable in the past to take up either the construction of new roads or their maintenance owing to their low finances. Under the Local Self-Government Scheme, additional revenue having accrued to the District Boards the efficient up-keep of the existing roads and the construction of new roads should engage the serious consideration of the said Boards.

3. As regards the eight important roads stated by the Chief Engineer to be urgently required, Government are pleased to sanction a contribution of half a lakh of rupees for their construction. But the works should be undertaken only when the District Boards are able to give the assurance to maintain, in good condition, the portions of the roads within their respective limits.

4. To give an impetus to the construction of new roads, Government are further pleased to direct that an annual grant of Rs. 50,000 be set apart out of the Public Works Department Budget, for the next five years to assist the District Boards in financing the construction of such roads, besides the eight roads referred to above.

5. The Chief Engineer is requested to have the statement showing the number and length of the existing roads and of those required hereafter, thoroughly revised, the items being arranged in the order of their importance. The revised statement should be printed and revised once in three years so that the District Boards may adjust their programme of work according to the order on the list.

READ—

Government Order No. 184-95—L. B. 12-15-43, dated 8th July 1916, authorizing Deputy Commissioners to employ necessary establishment and to purchase ordinary boring tools to secure better progress in the matter of sinking drinking water wells.

2. Government Order No. 3027-45—L. B. 83-16-40, dated 30th November 1917, reviewing the progress effected in the matter of sinking drinking water wells during a period of three years which ended with 30th June 1917, under the scheme sanctioned in Government Order No. 5248-59—San. 38-12-38, dated 6th January 1915.

3. The following communications from the Deputy Commissioners of Districts forwarding statements showing the progress of drinking water wells during the quarter which ended on 31st December 1917, and reporting on the work of the establishment employed, the boring plant used, and the amount of grant required from State Funds out of the allotment of 1½ lakhs of rupees provided under drinking water wells in the current year's State Budget.

(1) Letter No. D. Dis. 112, dated 11th April 1918, from the Deputy Commissioner, Bangalore District.

(2) Letter No. L. F. 2171—17-18, dated 13th April 1918, from the Deputy Commissioner, Kolar District.

(3) Letter No. L. F. S. C. 117, dated 11th April 1918, from the Deputy Commissioner, Tumkur District.

(4) Letter No. D. Dis. 647—L. B. 17-18, dated 16th April 1918, from the Deputy Commissioner, Mysore District.

(5) Letter No. R. O. C. 599—L. F., dated 13th April 1918, from the Deputy Commissioner, Hassan District.

(6) Letter No. H. C. 140—L. B., dated 29th April 1918, from the Deputy Commissioner, Shimoga District.

(7) Letter No. L. C. 875, dated 22nd April 1918, from the Deputy Commissioner Kadur District.

(8) Letter No. C. 1710—17-18 L. F., dated 16th April 1918, from the Deputy Commissioner, Chitaldrug District.

Order No. 6700-9—L. B. 72-17-34, dated 28th May 1918.

Government regret to observe that in spite of the instructions issued from time to time in the reviews of progress reports submitted in this connection, the progress under the scheme continues to be very unsatisfactory and a large balance is still left unspent though no grants have been made to the districts so far during the current year.

2. The statement appended to this order containing information regarding the work turned out during the half-year ending December 1917 discloses the fact that no effort has been made in any of the districts to secure satisfactory progress and the various facilities placed at the disposal of the local authorities have not been properly availed of.

3. The purchase of the Musto's Patent Boring Plant was sanctioned in the first instance to the Chitaldrug and Mysore Districts, but it is noted that experiments are still being conducted with it only in the Chitaldrug District. It is desirable that similar apparatus should be purchased by the other districts also if it proves successful and employed usefully under proper guidance. The work done by the Well Overseer and maistries also leaves much to be desired. Proper supervision and check over the work done by them is necessary and a regular programme of

No. 6700-9—L. B. 72-17-34, dated 28th May 1918.

work should be drawn up for them. It is observed that no staff was employed in the Hassan District under this scheme and no explanation for the omission has been submitted. This is noted with dissatisfaction. The facilities placed at the disposal of the District Boards in connection with this scheme have not been duly appreciated by them and a more energetic policy in carrying out the works is necessary.

4. Government are also constrained to observe that the scheme has throughout received very inadequate attention from the local officers, on whose energetic action depended to a large extent the success of the scheme, and has been treated more or less as a matter of routine. This calls for severe notice.

5. The special attention of the Deputy Commissioners of Districts is invited to this important matter once again and they are requested to adopt without further loss of time stringent measures for the early completion of the large number of incomplete works and to report to Government cases of neglect or indifference on the part of local officers in carrying out the work for adequate punishment being meted out to them.

6. The proper preparation of the progress report and their timely submission to Government should also be strictly attended to.

7. In view of the large outlay that may be necessary for the completion of the works already taken up and of the hope expressed by the Deputy Commissioners that rapid progress would be shown before the year closes and during the early part of the next, the following grants from State Funds asked for by the several Deputy Commissioners are sanctioned out of the allotment of 1½ lakhs of rupees in the budget of the current year under this head :—

District.	*State Grant for 1918-19.*
	Rs.
Bangalore	10,000
Kolar	20,000
Tumkur	25,000
Mysore	20,000
Hassan	18,000
Shimoga	35,000
Chitaldrug	18,000
Total for 7 Districts ...	1,46,000

Instructions already issued regarding progress reports and other matters in Government Order dated 8th July 1916 and 21st July 1917 should be strictly followed in future. Any delay or neglect noticed in future will be severely noticed.

No. 6310-5—Ml. 96-17-25, dated 9th May 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Administration Report of the Bangalore City Municipality for the year 1916-17 received with letter No. 91, dated 1st October 1917, from the President Municipal Council, Bangalore City.

Order No. 6310-5—Ml. 96-17-25, dated 9th May 1918.

The strength of the Municipal Council was increased during the year by the addition of a member to represent the Bangalore Chamber of Commerce. There were thus 1 *ex-officio*, 12 nominated and 12 elected, or in all, 25 members.

2. *Meetings.*—Twenty meetings were held, of which 12 were ordinary, 3 adjourned and 5 special. The average attendance of official and non-official members, respectively, was 1·95 and 15·25 against 1·88 and 15·77 in the previous year. The attendance of non-official members at the meetings admits of improvement.

3. *Assessment and Taxation.*—The general revision of assessment which had been allowed to lie over for a period of nearly 20 years was completed during the year, resulting in an average net increase of 20 % in the revenue from assessed taxes. Government note with satisfaction that this work was undertaken and completed by the ordinary establishment of the Municipality.

The incidence of taxation during the year was Rs. 3-4-0 per head of population, against Rs. 3-0-1 in the previous year.

4. *Demand, collection and balance.*—The total demand under all items including arrears (except octroi) was Rs. 3,22,834 (against Rs. 4,23,850 for 1915-1916) of which Rs. 2,69,132 or 83·4 % was collected, Rs. 8,291 or 2·5 % remitted, and Rs. 45,411 or 14·1 % remained in arrears. Collections under Octroi aggregated Rs. 1,35,425 against 1,20,438 in 1915-16. The percentage of the demand collected in the case of assessed taxes was higher than in the previous year, being 72·3 % against 63 % in 1915-16 and there was also some reduction in the amount of remissions sanctioned.

5. *Financial position.*—The total receipts under all heads amounted to Rs. 5,32,924 against Rs. 4,83,131 in the previous year and showed an increase under all the principal items of Municipal revenue. The total disbursements during the year amounted to Rs. 6,00,012 against Rs. 3,46,992 in the previous year. This amount includes extraordinary items of expenditure as indicated in the margin, aggregating a sum of Rs. 2,79,832. Thus the ordinary expenditure of the Municipality (Rs. 3,20,180) was well within the normal income (Rs. 3,98,942) and the year ended with a balance of Rs. 1,04,832 in addition to a sum of Rs. 37,500 invested in the Mysore Government Promissory Notes and Rs. 1½ lakhs as a fixed deposit in the Bank of Mysore.

	Rs.
Advances to the Special Revenue Officer	17,100
Compensation paid for properties acquired	50,200
Investment in the Bank of Mysore	150,000
Site values credited to Government	25,368
Abnormal Plague charges	6,864
Total	2,79,832

6. *Public works.*—The total expenditure on Public Works under the different heads was Rs. 1,17,127 against Rs. 1,07,641 in the previous year.

7. *Lighting and water-supply.*—A sum of Rs. 27,780 was spent on account of lighting charges against Rs. 21,696 in the previous year.

With regard to the request of the Municipality to be given control over the water-supply and the electric lighting of the City, Government consider that such

control will not conduce to the efficient management of these services and are unable to comply with the request for the present.

8. *Public health.*—But for the prevalence of plague in the City from July 1916 to April 1917, which accounted for 709 deaths, the public health was on the whole good.

9. *Sanitation and conservancy.*—The total expenditure under this head was Rs. 48,551 against Rs. 46,046 in the previous year.

As a result of the survey conducted in 1915-16, malaria was reported to prevail in certain localities in the City and certain remedial measures, *e.g.*, the filling up of the musquito breeding wells and pools and the acquisition of the Tiglar gardens were suggested by the Health Officer and approved by the Sanitary Commissioner. No information is contained in the report indicating the action taken by the Municipal Council on these recommendations. It is hoped that this important question will receive the continuous attention of the Municipal authorities till some practical measures are adopted.

10. *Vital Statistics.*—The registered births and deaths were 3,525 and 4,326 against 3,393 and 2,933, respectively, being 39·7 and 48·7 per mille. The high death-rate of the year requires explanation.

Infant mortality continued to be high, the number of deaths of infants under one year old being 729. This points to the necessity of a more extended employment of qualified midwives. The question of the employment of Lady health visitors to visit women in their homes and advise them as to the care of their health, bringing them when necessary within the reach of qualified doctors, may engage the consideration of the Municipal Council.

11. *City Improvements.*—The City Improvement Committee constituted in Government Order No. 6346-9—Ml. 330-12-2, dated 20th December 1913, dealt with several improvements in accordance with the programme of works prescribed therefor. A sum of Rs. 55,050 was spent on the acquisition of properties in this connection. Plans and preliminary estimates have been submitted in connection with the drainage scheme. These are under the consideration of Government.

12. *General.*—The work of the Municipal Council during the year was satisfactory and the Government desire to place on record their appreciation of the disinterested work of the several members of the Council and to convey their thanks to Dewan Bahadur Rajasabhabhushana K. P. Puttanna Chetty, Esq., C.I.E., the Honorary President, for the efficient administration of the Municipality during the year and for his valuable services in connection with the improvements to the City.

Read again the following Government Orders:—

No. 1297-347—Ml. 112-14-13, dated 13th August 1915, sanctioning the recommendations of the Bangalore City Improvement Committee for improvements to the City of Bangalore and directing that an annual grant of three lakhs per annum be made from the State Funds for the next five years on account of the two-thirds cost of the City Improvement Scheme and one-half of that of Drainage Works.

2. No. 2747-50—Ml. 111-15-32, dated 3rd November 1916, laying down the programme of the Bangalore City Improvement Works including the acquisition of land and allotment of sites for Mahratta, Lingayat and Vaisya Hostels and the formation of an industrial suburb on the Bangalore-Magadi road and prescribing responsibilities of the officers in regard to the carrying out of the said programme.

3. No. 7200-2—Ml. 142-13-9, dated 27th March 1916, sanctioning a scheme at an approximate cost of Rs. 74,000 for improvements to the Palace Upparahalli and Dobbspet Divisions and promising a contribution of one-half of the outlay from the State Funds if the City Municipal Council agreed to bear the other half.

(Printed in extenso with enclosure as accompaniment.)

Order No. 6317-20—Ml. 87-17-32, dated 9th May 1918.

The works detailed in the revised programme now received from the Municipal President are those included in the scheme approved by Government in their Orders of 13th August 1915, and 3rd November 1916, the Avenue Road, Yelahanka Gate Square, and the Girdle Road Schemes being, however, left out. The original estimates have been greatly exceeded in the case of two works, *viz.*, the Town Hall and Municipal Office, and the General Market. But the rate of contribution, *viz.*, two-thirds of the cost, and the total amount promised by Government, *viz.*, about 9 lakhs for the improvement works, have not been exceeded in the revised proposals which is mainly due to the fact that the expensive scheme of widening Avenue Road has been left out in the revised programme.

2. It is observed that the deviations from the financial forecast made in the Government Order of the 13th August 1915, with regard to the cost of improvement have been found necessary owing to the present abnormal conditions and the high prevailing rates for materials and also to the fact that the ideas of the Municipal Council have become somewhat more ambitious with regard to the design, etc., of some of the structures.

3. Government have given their careful consideration to the subject and are of opinion having regard to the importance of the Bangalore City, that the revised proposals may be sanctioned. They are accordingly pleased to approve of the programme of improvements enumerated in the statement accompanying the President's letter under disposal and the payment of the Government contribution indicated in respect of the works, so long as no addition is demanded to the annual grant for five years promised by Government in their Order of the 13th August 1915.

4. The provision of two lakhs in the budget estimates of the next year, as the Government grant towards the Bangalore City Improvements will stand, a grant of four lakhs being made in the subsequent year, 1919-20. If funds are urgently required in the course of 1918-19 the additional sum of Rs. one lakh may be met by

reappropriation, or the Municipality may borrow the money, the loan being repaid in 1919-20. The entire financial responsibility for the said improvement works will rest on the Municipal Council and the Government contribution will be payable in accordance with the terms of Government Order No. 4660-1—Ml. 87-17-24, dated 18th February 1918.

5. It is observed that the formation of the Industrial suburb, the extension east of Fort Centre Road, and laying out of Hoskote Road, are expected to be self-supporting schemes not requiring any contributions from Government.

6. The Drainage Scheme which is one of magnitude involving heavy expenditure is reserved for separate consideration and orders.

B. RAMASWAMAIYA,
Offg. Secy. to Govt., Rev. Dept.

To—The President, Municipal Council, Bangalore City.
The Financial Secretary to Government.
The Chief Engineer of Mysore.
The Comptroller, Mysore Government, through Branch II.

ACCOMPANIMENT.

Letter No. 375, dated 3rd April 1918, from the Honorary President, Bangalore City Municipal Council, to the Officiating Secretary to Government, Revenue Department.

With reference to the conference held yesterday in the Council Chamber of the Dewan's Office, regarding the financial aspect of the several City Improvement Works in Bangalore, I have the honor to submit herewith a revised up-to-date programme of City Improvement Works with estimated cost as per designs since approved. The works are those included in the scheme approved by Government in their Proceedings No. 1297-347—Ml. 112-14-13, dated the 13th August 1915, and No. 2747-50—Ml. 111-15-32, of 3rd November 1916, the Avenue Road, Yelahanka Gate Square and the Girdle Road Scheme being left out.

2. The total cost of the nine improvement works is estimated at Rs. 13·07 lakhs against Rs. 14·07 lakhs for which Government promised a contribution of two-thirds cost. The share of Government contribution would amount to $\frac{2}{3}$+13·07 equals 8-7 or 9 lakhs, and this sum may be provided at the rate of 3 lakhs a year for the next three years.

3. Items 10 and 11 in the accompanying statement are expected to be self-supporting schemes and it is not proposed at present to make a request for a contribution from Government in respect of them.

4. I would request you to be so good as to move Government to pass final orders regarding the financing of the City Improvement Works referred to by allotting Rs. three lakhs a year for the next three years and sanctioning the schemes now before Government.

Exd.—C. R.

No. 6317-20—Ml. 87-17-32, dated 9th May 1918.

BANGALORE CITY.

Programme of City Improvement Works for three years with their estimated cost.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 327-S. 54—C. 130 of 16-17, dated 25th October 1917, from the Chairman, City Improvement Trust Board, Mysore, submitting a report, together with statements, on the administration of the Trust Board during the year 1916-17.

2. Letters Nos. 5540—W. A. D. 1-388 and W. A. D. 1-1220, dated 11—13th October 1917 and 15—16th March 1918, from the Comptroller, Mysore Government, submitting the preliminary and final accounts of the Trust Board for 1916-17.

Order No. 6490-540—Ml. 112-17-4, dated 21st May 1918.

1. *Meetings.*—Thirteen meetings were held during the year, of which 12 were ordinary and one adjourned. The average attendance at the meetings was 7·1 against 6·7 in the previous year.

2. *Finances.*—The total amount placed at the disposal of the Board during the year was Rs. 4,50,000, which was made up as follows :—

Normal grant	....	....	3,50,000
Additional grant	....	....	1,00,000

Against this amount a sum of Rs. 3,04,365 was spent on works proper of the Board, Rs. 73,927 on acquisition and demolition of properties, and Rs. 39,999, for advancing loans for house-building purposes, making a total of Rs. 4,18,291. The remaining expenditure, *viz.*, Rs. 31,730, was on account of establishment, tools and plant, etc., which works out to 7 per cent on the total expenditure and 10·4 per cent on the amount spent on works. The Comptroller's figure showing a sum of Rs 5,21,832 as the total receipts of the Board during the year is not correct as it is in excess of the sanctioned grants by Rs. 71,832. The attention of the Comptroller as well as the Chairman of the Trust Board is invited in this connection to the marginally noted Government Orders and to paragraph 2 of the Government review on the Administration Report of the Trust Board for the year 1913-14 where it has been pointed out that the actual State grant should be so regulated as not to exceed the total sanctioned grants for the year. Necessary action should be taken to have the corrections made in the accounts.

Government Order No. 6862-8—Ml. 77-07-5, dated 17th January 1908, read with Government Order No. 221-5—51-14-63, dated 12th July 1915.

3. *Realisation by the Board and opening balance.*—A sum of Rs. 41,042 was realised by the Board by the sale of sites, lands and other properties, besides realisations from rents, profits, repayments and contribution. A sum of Rs. 50,886 has been shown as a receipt under suspense heads by the Comptroller and no reference to this amount has been made by the Chairman. This requires explanation. There is also a large difference in the opening balance between the accounts of the Comptroller and the Chairman, which should be explained and steps taken to see that the accounts in both the offices tally.

No. 6490-540—Ml. 112-17-4, dated 21st May 1918.

4. *Works in progress.*—Forty-nine works are reported to have been under construction, of which 26 were new works and 23 incomplete works of the year previous. The most important works in progress during the year and the outlay incurred thereon are shown in the following statement.

Names of works	Sanctioned estimate	Outlay during the year	Total outlay
	Rs.	Rs.	Rs.
1. Laying sewer pipes in Nos. II, III, (i) and (ii), IV and V, and Nazarbad drainage areas.	13,86,724	1,75,814	5,81,817
2. Laying out a sewage farm	30,560	6,330	21,104
3. Improvement of Devaraj Market ...	1,23,500	30,462	40,604
4. Construction of Municipal office buildings ...	1,43,800	5,031	5,031
5. Laying out Chamundi Extension ...	1,12,348	30,342	31,213
6. Planting avenue trees	5,000	3,020	.....

A large outlay was as usual incurred on drainage works. Of the total expenditure of Rs. 1,82,144 incurred on these works an outlay of about Rs. 1,47,000 was incurred on laying sewage pipes in Nos. II, III, Ittigegud and Nazarbad drainage areas. These works were, however, started before sanction was obtained to the estimates. This should have been avoided.

5. *Progress of acquisition.*—One hundred and sixteen properties were acquired and demolished at a cost of Rs. 73,927 as against 194 properties at a cost of Rs. 80,432 in the previous year. Sanction was also accorded to the acquisition of 31 properties in the Fort in the order of their urgency at a total cost of Rs. 1,67,572 the expenditure to be incurred during 1916-17 and 1917-18 having been limited to one lakh. A sum of Rs. 26,790 was accordingly spent during the year under report on the acquisition of some of these properties. The question of Fort improvements as a whole with a view to their speedy completion is engaging the consideration of Government separately and orders will issue in due course.

6. *Model houses.*—No new houses were constructed during the year and of the seven houses that remained unsold at the end of the previous year, six were sold fetched a sum of Rs. 9,588.

7. *Building sites.*—Two hundred and fifteen out of 1,216 building sites in the several parts of the City were sold for Rs. 30,085. A large balance out of this amount is shown as having been held in deposit pending the execution of mutchalikas by the parties concerned. This is irregular and timely action should be taken as regards the obtaining of mutchalikas and the credit of the amount to the proper heads within a reasonable time.

8. *House-building loans.*—Loans amounting to Rs. 39,999 were issued to 141 persons as against Rs. 23,798 to 105 persons in the previous year. The demand of loans is increasing year after year as the result of the activities of the Board and the formation of new extensions. The question of the best manner of meeting this demand adequately is being considered by the Government and it is hoped that it will be possible to arrive at a satisfactory solution at an early date.

The arrears amounting to Rs. 7,390 relating to the recovery of instalments due during the year are heavy and should receive the prompt attention of the Chairman with a view to their early reduction.

9. *General.*—The report bears ample evidence of the increased activity of the Trust Board and though the prescribed programme has been departed from in several instances, the improvement works are being pushed on vigorously. The repeated requests made to Government for additional grants in recent years call for a thorough revision of the programme of the Trust Board activities. A comprehensive five years' programme submitted by the Chairman as required in para 4 of the previous year's review is receiving the attention of Government. The object of the programme is to enable the Trust Board to expedite the completion of the more important and urgent improvement works within a reasonable period.

No. 6490-540—Ml. 112-17-4, dated 21st May 1918.

In conclusion, Government are pleased to record their appreciation of the good work done by the Chairman and the members of the Trust Board during the year under review.

Rad.—G. R.

No. 6561-3—San. 72-17-2, dated 22nd May 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. 6561-3—San. 72-17-2, dated 22nd May 1918.

The Malnad Improvement Scheme which was sanctioned in Government Order No. 8036-84—Med. 24-13-13, dated the 24th February 1914, has now been in operation for over three years and a half in the Districts of Shimoga, Kadur and Hassan. The scheme is intended for the improvement of the Malnad or the hilly region along the Western Ghauts and affects the welfare of over seven lakhs of His Highness' subjects.

2. *Initial difficulties.*—Though the scheme was sanctioned in February 1914, much work could not be done in the first year as considerable time elapsed before the necessary establishment could be got together. It is difficult at all times to induce subordinate officials to take up service in the Malnad and the difficulty was enhanced in the present case where a specially trained staff had to be found for temporary service. Even in the second year, the officers entrusted with the working of the scheme were unable to spend the full amount (Rs. one lakh) which Government allotted for the improvement works. These difficulties are being gradually overcome and the allotment sanctioned for the third year, *viz.*, Rs. 1,50,000 has been fully spent. The officers are now asking for larger allotments as they, feel confident that they will be able to fully utilise them.

3. In the month of May 1917, local opinion, official as well as non-official was obtained as to the working and progress of the scheme. It was noticed that the operations had met with general approval. The people besides co-operating with the officers in carrying out the measures, were themselves striving to improve their condition. It was stated that during the past year or two, deaths from malaria had shown a tendency to decline and that whatever the cause, small-pox had not appeared, for three years, in an epidemic form. Some minor modifications in the scheme were suggested and certain remedial measures recommended in the order of 1914 were singled out as more important than others. But the officers and the public were unanimous that the continuance of the scheme was absolutely necessary if the tract was to be saved from further deterioration. A Special Committee of the Representative Assembly consisting of representatives from the Malnad, appointed in the summer Session of 1917 to investigate the working of the scheme were also of the same opinion. They recommended, among other things, the continuance of the scheme for a period of at least twenty years.

4. *Activities classified.*—The activities included under the scheme may be divided into two groups, those relating to prevention and cure and those relating to development.

5. *What has been attempted and done.*—The work so far done under the scheme is indicated in the statistical abstract appended to this order.

Preventive and Curative measures.—It will be seen that two measures, *viz.*, medical relief and the provision of good drinking water to the people have received special attention. The clearance of rank vegetation round villages and huts is a matter of supreme importance and it is gratifying to notice that this work has been attempted mainly by the people at their own cost. Drains have been constructed in a number of villages and some villages where extreme insanitary conditions prevailed have been shifted to healthier localities.

Measures have been taken by means of popular lectures and the distribution of leaflets in Kannada to instruct the people as to the best means of combating the adverse climatic and other conditions of the Malnad. The tract has also fully

shared in the increased educational facilities afforded to the people of the State in recent years.

Development measures.—To relieve agricultural indebtedness, special attention is being paid to popularise Co-operative Societies and a debt survey in specified localities has been completed. Some new roads have also been formed. Further new settlers have been attracted to places capable of supporting a larger population.

A Committee of certain officers and non-officials was appointed in November 1915, for investigating and reporting upon the grievances of the raiyats and other matters, connected with the reservation of forests and forest administration generally in the Shimoga District. The Committee went thoroughly into the questions referred to it and drew up an exhaustive and interesting report and orders were passed thereon in Government Order No. R. 973-89—Ft. 88-15-22, dated 27th July 1917.

6. *Lessons from past experience.*—The experience of the last three and half years has shown the need for a bolder policy. The expenditure hitherto incurred has been mostly for measures coming under the group, preventive and curative, and it is found that the allotments sanctioned for the three districts are barely sufficient for those purposes. But for any rapid or substantial improvement in this region, certain measures for development also seem indispensable. These measures which will require an improved organization and the co-operation of several departments of Government, may be classed under four heads, *viz.*,

(1) Roads, tanks and Railways.
(2) Attraction of settlers and supply of labour.
(3) Relief of Agricultural indebtedness, and
(4) Development of forest and other industries.

7. *Roads and Railways.*—The development of communications, though recommended in the Government Order of 1914, has not received adequate attention from the Committees and the departments concerned. On account of the broken character of the country, many villages in the interior can be reached only with difficulty in fair weather and some of them are completely isolated and inaccessible for weeks during the monsoon. The condition of the Malnad people cannot be expected to improve unless they are given greater facilities for communicating with other parts of the State. Better communications are needed also to enable the people to market their produce to the best advantage and to benefit by a periodical change to drier and healthier parts. The Public Works and Forest Departments, the District Boards and the Village Committees should all co-operate and bring into existence and maintain a number of roads and cart tracks sufficient to open up the whole area. The principal roads to be opened in the Shimoga District have already been enumerated in Government Order No. 57336-6—San. 87-15-9, dated 6th March 1917.

As regards railways, Government have under their consideration proposals for the construction of a metre gauge line from Shimoga to Arasalu and for the extension of the Tarikere-Narasimharajapura Tramway to Koppa. The question of the construction of Birur-Chikmagalur line also requires early attention.

8. *Attraction of settlers and labour supply.*—There is a large area of fertile land fit for cultivation in the Malnad which owing to lack of population is either classed as District Forest or lying fallow. By constructing small tanks and kattes for storing the abundant rainfall during the monsoon and by offering suitable inducements to attract raiyats from the Maidan parts of the State, a large peasant population can be planted in this region. For this purpose blocks of land should be mapped out and kept in readiness to be given to incoming settlers. These people should be instructed as regards the precautions needed in respect of food, clothing and housing, to maintain health and strength under the malnad conditions.

The Central Committee has considered the question of labour supply and formulated certain definite proposals. Government will be prepared to render financial aid to any well considered scheme, provided the people of the locality evince their earnestness by contributing their fair share of time and money.

9. *Relief of Agricultural indebtedness.*—No scheme of improvement for the Malnad can be considered complete which does not include measures for the relief of agricultural indebtedness. The development of Co-operative Societies on the

lines suited to malnad conditions is an obvious remedy and the department concerned is paying special attention to the work. It is also necessary to provide cheap capital to the small landholders many of whom are now irredeemably in the hands of money-lenders. For this purpose as already stated, the establishment of a Land Mortgage Bank has been suggested and Government hope to pass early orders on the proposal.

10. *Forest Industries.*—Though the magnificient forests of the Malnad afford great facilities for developing forest industries the committees and the departments concerned have not given adequate attention to the question. The recently appointed Special Forest Officer is investigating the prospects of starting large industries from forest produce. The Local Committees should be requested to devote special attention to the development of minor forest Industries in order to provide occupations to the rural population, in consultation with the Departmental Heads concerned.

11. *Agency.*—The existing agency will carry out the curative and preventive measures specified in the Government Order of February 1914, with such minor temporary additions as may be found necessary. For the development operations mentioned above, an Engineering establishment consisting of an Executive or Assistant Engineer and the necessary subordinate staff may be associated with the existing agency.

12. The Deputy Commissioner, Shimoga District, has suggested that in addition to the Central Committee and District Committees it would be desirable to institute Committees at the headquarters of each taluk area in the Malnad. The Deputy Commissioners may, in consultation with the Central Committee, arrange to bring such committees into existence.

A suggestion has also been made that a half-yearly conference of the Committees might be held at a suitable place under the Presidency of a Member of Government. Such a conference is likely to materially promote co-ordination of effort on the part of all the officers and public men concerned and enhance the efficiency and usefulness of the organisation. One annual conference seems to be sufficient for the present which might be held preferably in the Malnad.

13. *Financial aspects and results. Preventive and Curative Measures.*—Out of the annual allotment of 1½ lakhs at present sanctioned, roughly 33 per cent is spent on establishment, 25 per cent on drinking water wells, 4 per cent on medical relief, and the remaining 38 per cent on all the other measures enumerated in paragraph 5 above. This amount is, however, found insufficient as there are still a large number of places requiring sanitary improvements and medical relief. The present grant will consequently be enhanced to two lakhs per annum and continued for the next five years and will be utilised chiefly for preventive and curative measures, the increase of Rs. 50,000 being earmarked for opening more dispensaries, itinerant and semi-itinerant, and for improvements in sanitation.

Development measures.—The capital expenditure on account of the development measures outlined above, will amount to about Rs. 15 lakhs which may be spread over a period of five years. The additional establishment needed for this work may amount to Rs. 25,000 annually and this will form part of the capital outlay. The financial aspect may be summarised as under :—

	Rs.
(1) Roads and Communications	5,00,000
(2) (*a*) Formation of blocks	3,00,000
(*b*) Attraction of settlers	
(*c*) Construction of new tanks and kattes ...	
(3) Malnad Forest Industries	1,00,000
Total ...	9,00,000
Special arrangements—	
(1) Supply of labour	1,00,000
(2) Relief of Agricultural indebtedness (advances) ...	5,00,000
Total ...	6,00,000

The above amount may, as far as possible, be distributed between Shimoga Kadur and Hassan in the ratio of 5, 3 and 2, respectively.

14. About one-half of the above expenditure will be in the shape of advance, or will be spent on reproductive works and may be expected to come back in some form to Government in due course. The remaining amount may be considered as expenditure incurred for developing the resources and training and educating the people. It would therefore be justifiable to meet the portion of the expenditure which will be required for making advances or for expenditure on reproductive works from loans raised preferably in the Malnad itself. The loans should be raised only after definite schemes have been received and fully considered from financial and administrative standpoints. The Chairmen of the District Committees are requested to submit definite proposals in the matter. The other half of the expenditure should be met by the departments concerned from the grants made available to them under the budget settlement, for, *e.g.*, the Public Works Department meeting the cost of roads and communications, as well as that of tanks and kattes, the Forest and Industries Departments the cost of forest industries, etc.

15. The Central Committee will be requested to formulate, in consultation with the District Committees and the officers concerned, and submit, within three months, preliminary proposals for giving effect to the scheme as outlined above. Details may be worked out after obtaining sanction to the probable outlay involved for each individual proposal. Proposals may also be sent up for re-adjustment of the establishment employed and the additional staff needed for the development measures.

16. The Central Committee will also be requested to submit in the course of the next three months, for the approval of Government, statements indicating definitely the responsibility of the officers and the committees concerned for—

(1) the curative and preventive measures, and

(2) the development measures sanctioned under the scheme.

17. In the annual report regarding the administration of the district, submitted by the Deputy Commissioners of Shimoga, Kadur and Hassan, special mention shall be made of the measures undertaken for the improvement of the Malnad and the results achieved.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Deputy Commissioners and Chairmen, Malnad Improvement Committees.
The Comptroller, Mysore Government, through Branch II.

READ—

Government Order No. 2102-4—Med. 41-17-3, dated 9th October 1917, sanctioning the promotion of 2nd class Sub-Assistant Surgeon Mr. M. Krishna Singh, attached to the Imperial Service Regiment, to the grade of Senior Sub-Assistant Surgeon, 2nd class, on Rs. 70 per mensem.

Letter No. 8300 dated 12th March 1918, from the Chief Commandant, Mysore State Troops, stating that the Comptroller has objected to pass Mr. Krishna Singh's pay at Rs. 70 for October and November 1917, on the authority of Government Order No. Mily. 783-5—24-02-4, dated 30th December 1909, under which he, on his promotion referred to above, should have been replaced in the Imperial Service Regiment, by a 2nd or 3rd grade Hospital Assistant, and requesting that the instance of the Senior Surgeon (i) that Mr. Krishna Singh may be kept on in the Military Department, necessary provision for his pay being made in the Military Budget and (ii) that Government Order No. 783-5—24-08-4, dated 30th December 1909, may be altered suitably so as to meet cases of the kind under reference.

Order No. G. 14762-4—Mily. 310-17-2, dated 2nd May 1918.

Government direct (i) that necessary provision for the pay and allowance payable to Sub-Assistant Surgeon Mr. Krishna Singh, be made in the Military Budget and (ii) that a covenant be taken from the Medical Officers attached to the Military Department and that they be allowed from this department the pay and allowance which may be sanctioned to them from time to time.

The Chief Commandant, Mysore State Troops, is requested to furnish Government with a copy of the form of covenant to be taken from the Medical Officer.

To—The Chief Commandant, Mysore State Troops.
The Comptroller, Mysore Government, through Branch II.

Exd.—C. R.

No. G. 15627-8—MILY. 132-16-4, DATED 18TH MAY 1918.

APPENDIX.

Rules for "Good Conduct and good service rewards" for the Mysore Imperial Service Transport Corps.

1. *Rates.*—Good conduct and good service pay are granted to the undermentioned classes as a reward for exemplary behaviour, combined, in the case of non-commissioned officers, with zeal and efficiency. It is admissible at the monthly rates, and under the rules quoted below :—

Good Conduct Pay.

Ranks	After five years' service	After ten years' service
Lance Daffadars ... Trumpeters ... Drivers ... Salustries ... Farriers ... Ward orderlies ...	Re. 1	Rs. 2

Good Service Pay.

Ranks	After 5 years' service (from date of promotion to the rank of daffadar.)	After 10 years' service (from date of promotion to the rank of daffadar.)
Daffadar Major ... Daffadar ... Farrier Major ... Farrier Daffadar ...	Rs. 2	Rs. 4

2. *Service for good conduct pay.*—(*a*) Service for good conduct pay commences from the date of enrolment (excluding boy service, *i.e.*, service under 16 years of age) and ceases on discharge, or during absence without leave.

(*b*) Service for good service pay commences from date of promotion to rank of daffadar and ceases on discharge or absence without leave.

3. *Conditions for the grant of good conduct pay.*—(*a*) To entitle an individual to the first rate of good conduct or good service pay, he must not, during the two years preceding the claim have incurred more than one red ink entry in his defaulter sheet.

(*b*) Before he can be advanced to the higher rate he must be clear of a red ink entry for one year preceding the claim.

(*c*) A non-commissioned officer in addition, must satisfy the Officer Commanding as to his zeal and efficiency.

4. *Forfeiture.*—Good conduct and good service pay are forfeited as follows :—

One rate.—(*a*) By specific award of the Officer Commanding.

(*b*) *Ipso facto* as a result of Court-martial conviction, or of reduction to a lower grade for misconduct.

One or both rates.—(*c*) By specific sentence of Court-martial.

Both rates.—(*d*) On conviction by a Court-martial or by the Civil power of any offence of disgraceful conduct.

5. *Restoration.*—Good conduct and good service pay may be restored as follows :—

One rate.—After the individual has served without a red ink entry in his defaulter sheet for one year.

A further rate.—After an additional year's service, without a red ink entry.

NOTE 1.—A non-commissioned officer in addition must have, in the opinion of the Officer Commanding, zealously and efficiently performed the duties of his rank.

NOTE 2.—A non-commissioned officer reduced to the ranks for simple inefficiency will receive the good conduct pay to which he would have been entitled had he not been promoted, but if reduced for misconduct he will always lose one rate under 4 (*b*) and both rates under 4 (*c*) and (*d*).

NOTE 3.—The period of approved service required for the restoration of good conduct or good service pay counts from the execution or termination of the sentence, if corporal punishment or imprisonment was awarded, otherwise from the date of the sentence.

No. G. 15627-8—Mily. 132-16-4, dated 18th May 1918.

6. *Absence as prisoner of war.*—The period during which an individual is absent as a prisoner of War, shall, or shall not, be reckoned as service for good conduct or good service pay according as the forfeiture of pay and allowances entailed by such absence is, or is not, remitted by the authority empowered to make this decision under orders of the Government.

7. *Red ink entries.*—The defaulter sheet will contain a record of every punishment awarded, the following being entered in red ink:—

(*i*) Every conviction by Court-martial; every conviction by a Civil Court resulting in imprisonment; when a fine is inflicted by a Civil Court the Officer Commanding will decide whether a red ink entry should be made.

(*ii*) Every case of summary reduction of a non-commissioned officer to a lower grade or to the ranks.

(*iii*) Every case of deprivation of an appointment, or of acting rank, for an offence but not for inefficiency.

(*iv*) Every case involving imprisonment, confinement to the lines exceeding fourteen days, forfeiture of pay of rank, or good conduct pay, and severe reprimand.

Post-audit System in regard to the Pay Bills of the Regiments outside Bangalore.

No. G. 16164-5—Mily. 328-17-2, dated 28th May 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Director of Recruitment.

No. G. 16287-337—Mily 379-17-2, dated 30th May 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 826, dated the 17th May 1918, from the Secretary, Central Recruitment Committee, forwarding a copy of resolution passed at the 9th meeting of the Central Recruitment Committee, and soliciting sanction to the appointment of a Director of Recruitment in Mysore referred to therein.

Order No. G. 16287-337—Mily. 379-17-2, dated 30th May 1918.

The results so far achieved in the matter of recruitment have not been quite satisfactory, even the modest number required not having been enlisted. The need for men now is greater than ever and efforts for recruitment should be redoubled. Recruitment should be extended to places hitherto untouched and a military spirit should be created. To attain these objects and to guide the operations throughout the State, the services of a full-time officer are necessary as recommended by the Central Recruitment Committee and Government are consequently pleased to sanction, as a temporary measure, the creation of a post called the Director of Recruitment in Mysore and of the appointment of Mr. P. F. Bowring to this post on his present pay including acting allowance plus a fixed travelling allowance of Rs. 300 per mensem. The expenditure will be met from the grant provided for "Recruitment charges."

2. The Director will work in close association with the Central Recruitment Committee and have control over all the establishments maintained in the several districts.

3. The Deputy Commissioners of Districts are requested to co-operate with him in his efforts to organise and stimulate recruitment in the State.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Secretary, Central Recruitment Committee.
The Comptroller, Mysore Government, through Branch II.
The Revenue Commissioner in Mysore.
The other Heads of Departments.
The Deputy Commissioners of Districts.
The President, Central Recruitment Sub-Committee.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 15077-127—G. M. 626-17-1, dated 9th May 1918.

With a view to ensure a thorough investigation of certain selected subjects of general importance, Government are pleased to refer them to Special Committees of the Representative Assembly.

2. The subjects chosen for consideration, the names of the members of the Committees and of the respective conveners are detailed in the statement appended to this order.

3. The Committees may meet either at Bangalore or Mysore according to the convenience of the majority of the members working on each Committee. The conveners are expected to assume full responsibility for taking all necessary action to secure a thorough investigation of each subject and to submit definite recommendations to Government not later than the 1st September 1918.

4. With regard to the subjects 1 and 3, the Secretary, Industries and Commerce Committee and an officer of the Engineering Department to be deputed by the Chief Engineer for Irrigation will respectively be associated with the Committees to render such help as may be necessary for the proper investigation of these subjects.

5. Government will also be glad to place at the disposal of the Committees any information required by them which is not of a confidential character.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Secretary, Economic Conference.
The Chief Engineer of Mysore.
The Deputy Commissioners of Districts for communication to the members concerned.

Correction of Proofs of Departmental Reports.

No. G. 14873 / G. M. 619-17-1

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIAT,
Dated Bangalore, 4th May 1918.

OFFICE MEMORANDUM.

Instances have come to notice in which the Heads of Departments have refused to correct the proofs of the annual reports pertaining to their departments. As it is desirable that in all such cases the responsibility of correcting proofs of departmental reports should be fixed on the office concerned, the following procedure shall invariably be observed:—

The annual reports received from the Heads of Departments for review in the branches should be sent to the Press with clear instructions that proofs thereof should be sent to the Heads of the Offices concerned for correction and return, a copy of the communication being at the same time sent to the Head of the Department concerned for information and guidance.

By Order,

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

Exd.—C. R.

Statistical Branch.

3. The principal items of work of the Statistical Branch will be tentatively as follows :—

(1) Scrutiny and review of the statistical returns received in the Secretariat (*Vide* provisional list appended) from the several departments of Government. .. .. .

No. G. 15508-58—G. M. 635-17-1, DATED 17TH MAY 1918.

4. The primary responsibility for collecting the Agricultural, Industrial, Commercial, Vital and other statistics now in force or as may be prescribed from time to time by Government will rest with the Department concerned, but the Director will be at liberty to call for information regarding the progress made in the work, invite attention to defects and delays and submit proposals for the orders of Government to improve the scope and accuracy of the statistics collected. The Director will correspond with the Deputy Commissioners and Heads of Departments in matters falling with the purview of his work. Statistical returns due to Residency will, however, be sent through the Chief Secretary.

5. Mr. V. R. Thyagaraja Iyer, who is appointed Director of Statistics by separate notification, will be requested to examine the existing system of compiling and publishing statistics in the State and submit proposals, as early as practicable, for improving the same and for organising the work of the new Branch.

6. This order will not affect Mr. Thyagaraja Iyer's special duty in connection with the revision of the Mysore Gazetteer and the temporary establishment sanctioned for the purpose will not be disturbed.

7. Necessary provision will be made in future in the Secretariat Budget for the new Statistical Branch, the cost during the current year being met from the savings in the Secretariat Establishment.

8. The Revenue Commissioner will cease to be *ex-officio* Director of Agricultural and other Statistics with effect from the date from which the above arrangements come into force.

9. A report should be submitted at the end of the year as to how the arrangement has worked.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Secretaries to Government.
The Revenue Commissioner in Mysore.
The Comptroller, Mysore Government, (through Branch II).
Other Heads of Departments.
The Deputy Commissioners of Districts.
Mr. V. R. Thyagaraja Iyer, Special Duty Officer.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 15576-626—G. M. 636-17-1, dated 18th May 1918.

In modification of Government Order No. G. 12038-87—G. M. 115-16-17, dated 7th March 1917, regarding the supply of the monthly Proceedings Volumes, the following instructions are issued for future guidance:—

The Proceedings Volumes will be supplied in future only to the officers set forth in Appendix A, which also shows whether Part I alone, or both Parts I and II will be supplied.

The Deputy Commissioners will circulate the volume containing only Part I to all the Gazetted Officers and the Heads of other offices at District Headquarters and this will eventually be filed in the headquarter Taluk Office.

The copies sent to the Sub-Divisional Officers residing outside District Headquarters will be circulated by them to the Heads of all offices at the place, and these will be filed in the Taluk Office there.

The copies of Proceedings Volumes referred to in the preceding two paragraphs will be available for consultation by all Gazetted Officers and Heads of Offices in the locality. The officer in charge of the records should comply readily with requisitions for the publication.

Arrangements for protection from fire.

No. G. 15448-98—G. M. 339-13-6, DATED 17TH MAY 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 15448-98—G. M. 339-13-6, dated 17th May 1918.

The following fire protection arrangements have been made temporarily in the General and Revenue Secretariat: -

1. For the protection of the 'General Records', water buckets painted red, have been placed on the first landing of the central stair case close to the entrance to the Record rooms, and inside the rooms protection is being secured with an even distribution of similar water buckets and "Kyl Fyre" tubes for extinguishing accidental fires.

2. For the protection of the Central Hall and the rooms opening into it, including the rooms of the Dewan's Office, a similar supply of water buckets is maintained in the Hall.

3. For the use of all other rooms in the Northern wing of the Secretariat, a 3rd batch of water buckets is made available in front of the Cash Section.

4. The Superintendents of the Cash Section and the General Records are entrusted with the responsibility of working the arrangement. They will see that the water buckets are always full and replenished at least twice a week. They should train a sufficient number of menials in the use of these water buckets and "Kyl Fyre". The Registrar will see that at his inspection every month the precautionary contrivances for fire protection are in position. The Chief Secretary will inspect the arrangements once a quarter.

5. This arrangement will remain in force, till rescinded by the provision of a more efficient fire protection by the installation of Hydrants round the building and water tanks at suitable places within it.

6. Government direct that similar precautionary arrangements shall be made by the other Heads of Offices working in the Public Office Buildings in respect of portions under their control.

7. Government would also suggest to Heads of Departments and Deputy Commissioners of Districts the desirability of making similar precautionary arrangements for the safety of their own offices and records.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Secretaries to Government.
The Heads of Departments.
The Deputy Commissioners of Districts.

Confidential Reports.

No. G. 15986-16020 / G. M. 643-17-1

GOVT. OF H. H. THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIAT,
Dated Bangalore, 25th May 1918.

Official Memorandum.

In the **half-yearly confidential** reports on the work of graded officers submitted to Government under the marginally noted Government Orders it has been often observed that some columns in the reports are left blank. Reporting officers are requested to record their views against every item in the report specifically.

1. **Government Order No. G. 5256-93—G. M. 233-14-1, dated 23rd November 1914.**
2. **Government Order No. G. 10846-55—G. M 233-14-8, dated 9th April 1915.**

By Order,
C. S. BALASUNDARAM IYER
Chief Secretary to Government.

To—The Deputy Commissioners of Districts.
The Revenue Commissioner in Mysore.
The Registrar, Chief Court.
The Inspector-General of Education in Mysore.
The Inspector-General Police in Mysore.
The Inspector-General of Prisons in Mysore.
The Superintendent, Revenue Survey, in Mysore.
The Comptroller, Mysore Government.
The Chief Engineer in Mysore.
The Conservator of Forests in Mysore.
The Excise Commissioner in Mysore.
The Senior Surgeon in Mysore.
The Sanitary Commissioner in Mysore.
The Director of Geology in Mysore.
The Chief Inspector of Mines in Mysore.
The Director of Agriculture in Mysore.
The Registrar, Co-operative Societies in Mysore.
The Presidents of Municipalities.
The Superintendent, Government Press.
The Secretary, Economic Conferance.
The Secretaries to Government, for information and communication to reporting officers, if any, under them.
Agent and Engineer-in-Chief, Mysore State Railways.

Exd.—C. R.

Controller of Civil Supplies and Prices.

No. G. 16084-134—G. M. 644-17-1, DATED 27TH MAY 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Notification No. J. 4039—Legis. 15-17-4, dated 3rd April 1918.

Order No. G. 16084-134—G. M. 644-17-1, dated 27th May 1918.

The Government of His Highness the Maharaja consider that it has now become necessary to control the supply of certain commodities which have risen considerably in price recently and to exercise the powers in regard to such commodities assumed under the Notification read above. They are therefore pleased to direct that a Controller of Civil Supplies and Prices in Mysore be appointed forthwith, and to appoint Mr. K. Chandy, Excise Commissioner in Mysore, as such Officer, in addition to his own duties.

2. The chief functions of this Officer will be:—

(i) To watch the prices of food grains and other necessaries of life in the State in all important trade centres and to watch the movement of trade in such commodities by way of large exports and imports.

(ii) To advise Government immediately as to the measures to be taken for the maintenance of the supply of commodities of general use for the purpose of securing the public safety under the Rules issued with Notification No. J. 4039—Legis. 15-17-4, dated the 3rd April 1918, and other enactments in force so that the commodities for control may be at once specified and the necessary notifications may issue for controlling stock and prices.

(iii) To receive and examine applications from merchants and others for the movement of traffic in the State and take needful action in consultation with the local Railway authorities.

(iv) To suggest measures to prevent the cornering and holding of stocks.

(v) To make proposals wherever necessary to open shops whether by Government or preferably by local bodies, at which articles of necessity would be sold at a fair price.

(vi) To take necessary action to keep the general public informed of the arrangements made and when prices have been fixed or supplies made available by Government at fixed rates, to see that the prescribed conditions are complied with, and generally

(vii) To suggest action to be taken by Government to secure the objects in view, as may be necessary from time to time under the Defence of India Regulation, I of 1918.

3. Mr. C. Ranganatha Rao Saheb, Deputy Director of Commerce, will furnish the Controller with necessary technical information concerning the movements of trade, changes in prices of commodities, etc.

4. The Controller of Civil Supplies and Prices is requested to submit at once proposals for the necessary establishments required for the work and a plan of operations for the approval of Government.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Excise Commissioner in Mysore.
The Heads of Departments.
The Deputy Commissioners of Districts.
The Comptroller to Government.
The Director of Industries and Commerce in Mysore.

Establishment of the Gardens Department.

No. G. 15788-9—G. M. 178-16-36, DATED 22ND MAY 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ.—

Correspondence ending with letter No. 467, dated 29th October and 2nd November 1917, from the Officiating Superintendent, Government Gardens, regarding the reorganisation of the Government Garden's Establishment, involving an extra expenditure of Rs. 6,702 per annum, received through the Comptroller with his No. T. A. D. (A) 565, dated the 17th November 1917, with the proposition statement relating thereto duly verified.

Order No. G. 15788-9—G. M. 178-16-36, dated 22nd May 1918.

The Government of His Highness the Maharaja are pleased to sanction the revision of the Establishment recommended by the Superintendent subject to the following modifications:—

I. *(c) Menial Establishment 18 a. b. Agriculture, (2) Botanical and Public Gardens.*

(1) There will be no increase in the number of peons.

(2) One of the two peons will get Rs. 9 and the other Rs. 8.

II. Instead of one plant's clerk on Rs. 25 and a seed clerk on Rs. 20, one clerk on Rs. 30 is sanctioned. In lieu of an attender on Rs. 10 and a packer on Rs. 8, one man on a pay of Rs. 12 will be appointed.

III. The entertainment of the staff provided under Section I *(b)* Bureau of Economic Botany.—(*viz.*,

1 Librarian	....	Rs.	40.
Herbarian and fieldman	...	,,	20.
1 Peon	....	,,	8) is not sanctioned.

The Superintendent, Government Gardens, may address Government separately setting forth the duties proposed to be assigned to them and pointing out clearly the need for their services.

2. The Establishment as now sanctioned will stand as shown in the annexed statement.

3. The services of the employees on Rs. 6 and under will be non-pensionable.

4. The extra cost during the year will be met out of the lump sum grant of Rs. 15,000 provided for "improvements" to Botanical Gardens, Lal-Bagh, in the current year's budget.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Superintendent; Government Gardens.
The Comptroller, Mysore Government, through Branch II.

No. 85—G. M. 666-17-1, DATED CAMP FERNHILL, 27TH MAY 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

OFFICIAL MEMORANDUM.

No. 85—G. M. 666-17-1, dated Camp Fernhill, 27th May 1918.

The accompanying Notes of Inspection by the Dewan, during his tour in the Tumkur District in the months of February and March last, are circulated to Heads of Departments and the Deputy Commissioner of the Tumkur District, for information and favour of necessary action.

2. As will be seen from the itinerary printed on the previous page, the tour lasted about fourteen days excluding the inspection of the Pavagada Taluk which occupied four days in August 1917. The Deputy Commissioner and the principal District officers were present at these inspections. All the taluk headquarter towns and a number of villages were inspected in the course of the tour.

3. In every Taluk headquarter town visited, a meeting of the representatives of the taluk was held by previous arrangement and every important representation made by the people was discussed and noted. Requests preferred during visits to other places in the taluk have also been taken into consideration. All the representations received and the wants and defects noticed, which seemed worthy of attention, are included in the notes and classed as *major* or *minor* according to degree of importance and urgency. These lists of major and minor wants are not exhaustive. They comprise only those which were specifically brought to notice at the meetings held at the taluk head quarter towns and should be considered as supplementing those maintained in the taluks under the Standing Orders.

4. The object of bringing together the representations and the needs of a taluk is to ensure that every one of them is thoroughly investigated and finally dealt with by the officers responsible or by Government. Under this procedure, no subject included in the notes is liable to be put aside until some definite decision or order is recorded, and intimation given to the people interested of the action taken.

5. Certain essential statistics furnished by the Deputy Commissioner are published along with the notes pertaining to each taluk in order to give an idea of its general condition.

6. The following instructions are laid down with regard to the action to be taken on these notes:—

(*a*) The Deputy Commissioner will classify the items in the first instance by Departments, and himself deal with those which fall within his competence and that of the District Officers under his control. The other items may be transmitted to the Heads of Departments concerned for necessary action. Whenever the Head of a Department takes over the entire responsibility for dealing with a question, in direct communication with Government, within a reasonable time, a statement to that effect may be communicated by him to the Deputy Commissioner and Government for their information.

(*b*) Every item included in the notes should be fully investigated and the result, with recommendations for practical action, should be submitted to the

authority concerned or to Government in accordance with the usual procedure in such cases. Every item should be pursued to a final stage and an order of disposal placed on record

(*c*) A half-yearly report should be furnished by the Deputy Commissioner before 15th July and 15th January every year, showing the number of subjects disposed of and the progress made with regard to the remainder. The submission of this report should not be discontinued until all the subjects are properly dealt with.

Similar statements should be furnished every half-year by the Heads of Departments in respect of the items for which they are responsible.

7. Copies of these notes, excluding the portions relating to departmental matters and office inspections which are treated as confidential, should be supplied to the members of the Representative Assembly and members of Municipal and District Boards in the district and also to members of the District Committee of the Economic Conference.

The Amildars concerned may be supplied with spare copies and held responsible for distribution as above.

8. It is hoped that all persons, interested in the disposal of the questions dealt with and the development of the taluks generally, will study the questions and co-operate with Government officers as far as it may be in their power to do so, with a view to obtain an early decision or promote early practical action.

By Order,

C. S BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Deputy Commissioner, Tumkur District.
The Heads of Departments.
The Secretaries to Government in other Departments.
The Deputy Commissioners of other Districts.

Scale of Pay of Lady Graduates.

No. 11055-6—Edn. 27-17-172, dated 10th May 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No 2383-5—Edn. 13-16-190, dated 1st September 1917, fixing a scale of pay for lady graduates in the Education Department.

2. Letter No. 13885—676, dated 4th February 1918, from the Inspector-General of Education in Mysore, recommending that the scale may be revised as follows:—

	Present scale.	*Proposed scale*
I.	For B.A.'S— Rupees 100 per mensem to start with and on probation for one year and Grade Rs. 125—25—150 after completing probation.	No change.
II.	For M.A 'S or Honors B.A 'S— Rupees 150 to start with and on probation for one year and Grade 150—25—200 after completing probation,	No change and Grade Rs 175—25—200 after completing probation.

Order No. 11055-6—Edn. 2717-172, dated 10th May 1918.

The present recommendation has the effect of giving one increment of Rs. 25 at the end of one year's probation to Honors Graduates and M.A.'s as in the case of Pass B.A.'s. The recommendation is sanctioned.

No. G. 10701-12—I. & C. 124-17-2, DATED 1ST MAY 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 10701-12—I. & C. 124-17-2, dated 1st May 1918.

For some time past Government have had under their active consideration the question of utilizing the large iron deposits in the eastern summits of the Bababoden Hills in the Kadur District. The investigations made from time to time in regard to the feasibility of the manufacture of iron from these deposits having yielded favourable results, Government in 1915 engaged the services of Mr. C. P. Perin, Consulting Expert of the Tata Iron and Steel Company, Limited, for advising and formulating a workable scheme for the manufacture of iron by smelting the ore with the aid of charcoal to be obtained by distillation of wood in the forests of the Shimoga and Kadur Districts. Mr. Perin has accordingly drawn up a report and after careful consideration, Government have decided to start the manufacture of iron in the State in accordance with Mr. Perin's scheme.

2. Having regard to the expert knowledge and special experience possessed by the Tata Iron and Steel Company, Limited, in the manufacture of iron, the Government have decided to employ that firm as their Managing Agents and have entered into an agreement with them. Under the terms of that agreement, the Tata Iron and Steel Company, Limited, will be responsible for the erection of the requisite wood-distillation plant and blast furnaces, for the manufacture of iron as well as charcoal with its by-products by destructive wood distillation, and for the working of the concern for a period of 25 years, exclusive of the construction period. The management by the Company will be subject to the control of five Directors, three of whom will be nominated by Government and two by the Company. The supply of raw materials consisting of fuel, iron ore and flux will be made available by Government at the rates stipulated in the agreement.

3. The fuel supply will be derived from an area of nearly 756 square miles of forests in the Shimoga and Kadur Districts for which a large length of tramway lines, permanent and portable, has to be laid. The ore will be excavated near Kemmangundi and transported to the site of the Works. The flux will also be similarly mined and supplied. In view of the high prices of railway materials and the difficulty of getting them under the present conditions, it is proposed to utilise for purposes of transport, as far as possible, the existing tramlines, *viz.*, the Tarikere-Narasimharajapura and the Thadasa-Hebbe connections, the former of which has already been opened for traffic and the latter is now under construction. These lines will be available for the supply of fuel. The new lines immediately to be taken up are (i) a tramline with a mileage of about 23 miles from Kemmangundi to Benkipur for conveying the ore and (ii) the Narasimharajapura-Benkipur line, the length of which will be about 25 miles for the supply of fuel. Detailed plans and estimates for these lines are ready and materials also have been partly purchased.

4. As the arrangements for the supply of raw materials, for which Government are responsible, have to be attended to by three separate departments, *viz.*, the Forest, the Geological and the Railways, Government consider it necessary to appoint a Special Officer to co-ordinate the work of the several agencies so as to ensure uniform progress of the operations in all parts of the scheme. The officer so appointed will be responsible for every detail of the scheme receiving due attention and submit monthly progress reports to Government. He will be required to keep himself in touch with the operations to be carried on by each of the Departments concerned, obtain a forecast of the requirements of the various parts of the scheme and take timely action to provide the same. He will also correspond with

the Company and ascertain from them from time to time the progress made in the purchase of machinery, arrangements to be made on the spot to carry out the general programme of work and render the Company such help as may be required, subject to the conditions of the agreement, in regard to the acquisition and laying out of the lands required for the site of the Works, erection of buildings, water-supply and other matters relating to the establishment and working of the industry.

5. Government are pleased to appoint Mr. T. G. Lakshman Rao, as Special Officer, with the rank and pay of a Superintending Engineer, with headquarters at the site of the Works, for discharging the above functions. He will also be one of the members representing Government on the Board of Directors to be constituted for the management of the concern.

6. With a view to facilitate the work of the Special Officer, a Committee consisting of the Conservator of Forests, the Secretary for Railways and the Director of Geology will be associated with him. He will also act as its convener. The Committee will meet once a month at the site of the Works, or at such other place as may be convenient, to review the progress of the operations, consider measures to be adopted in connection with the various parts of the scheme from time to time, frame suitable programmes of work and submit proposals for the orders of Government. The first meeting of the Committee should be convened and the proceedings submitted to Government as early as possible.

7. Necessary further action for the construction of the tramlines required will be taken by the Railway Department in consultation with the Conservator of Forests, the Director of Geology and Mr. Perin. The Forest Department will attend to the preparation of working plans of the forests to be dealt with and other arrangements necessary for the supply of wood. The Conservator of Forests is requested to submit necessary proposals as to the establishment and other facilities required for the arrangements to be made in connection with the supply of fuel. The Director of Geology is requested to submit, in consultation with Mr. Perin, detailed proposals for the exploration and survey of the ore and flux areas, the excavation and transport of the same, the staff required therefor, etc. All correspondence between Government and the Heads of Departments concerned in connection with the scheme will pass through the Special Officer.

8. The Special Officer is requested to submit a preliminary programme of work and estimate of expenditure for the next six months by the end of May 1918.

READ—

Government Order No. 6604-53—I. & C. 89-16-2, dated the 16th February 1917, prescribing certain rules for the grant of loans for encouraging small industries.

2. Letter No. 2407, dated the 30th March 1918, from the Secretary to the Industries and Commerce Committee, forwarding a resolution of the Committee recommending at the instance of the District Committee, Shimoga, an amendment of the rules issued with the Government Order referred to above so as to authorise the Deputy Commissioners of Districts to grant loans up to Rs. 200 on a single personal security.

Order No. 10924-36—I. & C. 24-17-36, dated 6th May 1918.

The recommendation of the Industries and Commerce Committee is approved and Rule 5 of the Rules issued with the Government Order read above will be modified accordingly as follows:—

"*Five Security*—No loan shall be granted unless the value of the security offered, which should ordinarily be in the form of immovable property, exceeds the amount of the loan by at least 25 *per cent.* Loans not exceeding Rs. 200 may, however, be granted for a period not exceeding a year, on approved personal security."

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIAT,
Dated Bangalore, 7th May 1918.

CIRCULAR MEMORANDUM.

In supersession of the form issued with Circular Memorandum No. 1573-1623—E. A. G. 252, dated 7th March 1918, for the submission of the annual statement showing the number of appointments given to members of backward communities, prescribed in Circular Memorandum No. 79—E. A. G., dated the 20th December 1916, Government are pleased to direct that the form appended below shall be adopted for preparing the return in future.

2. Heads of Departments and Deputy Commissioners of Districts will kindly see that these returns are sent up to Government not later than the middle of February of the year following that to which they relate.

By Order,

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Heads of Departments.
The Deputy Commissioners of Districts.

Custody and Arrangement of Records in District Offices.

No. 2119
E. A. G. 248-17

GOVT. OF H. H. THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIAT,
Dated Bangalore, 1st May 1918.

FROM

B. RAMASWAMAIYA, ESQ., B.A., B.L.,
Secretary to the Government of His Highness the Maharaja of Mysore, Revenue Department.

To

P. RAGHAVENDRA RAO, ESQ., B.A., B.L.,
Revenue Commissioner in Mysore.

With reference to your letter No. C. 409, dated 14th March 1918, reporting on the arrangements followed in the several districts in regard to the custody and arrangement of records in Deputy Commissioners' Offices, I am directed to observe that Judicial and Local Fund records may be separately kept but some official should be definitely responsible for their arrangement, custody, issue and periodical destruction and for the maintenance of the necessary registers.

The records of the Revenue Department including those of the Treasury, Muzrai, Mramat and English Branches should be brought together and arranged in a single room or in contiguous rooms, as far as possible, within the existing accommodation. Proposals for additional record racks, etc., may be submitted for orders at an early date.

I have the honor to be,
Sir,
Your most obedient servant,
B. RAMASWAMAIYA,
Revenue Secretary.

Gazetted Officers.

No. 2161-5 / E. A. G. 231

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIATS,

Bangalore, dated 6th May 1918.

OFFICIAL MEMORANDUM.

In supersession of the Order dated the 30th July 1917, regarding the preparation and submission of a list of gazetted appointments to be made within the "next six months," the Dewan desires that a statement of such appointments should be prepared before the beginning of every half-year, *i.e.*, in June and December, and kept up-to-date. Definite suggestions for filling up vacancies should be made in time so that the appointments may be decided about a month before the vacancies occur.

2. The Secretaries to Government are requested to forward before the 1st June and 1st December, statements of appointments relating to their departments to the Efficiency Audit Branch for consolidation and submission.

By Order,
C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Secretaries to Government.
(Copies to Branches of General and Revenue Secretariat.)

Exd.—C. R.

No. 2282-3—E. A. G. 64, DATED 13TH MAY 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 10870-10918—E. A. 4-14-1, dated the 10th April 1915, issuing general instructions for the periodical inspection of Government offices.

2. Circular letter No. 921-62—E. A., dated the 22nd May 1915, issuing a standard set of questions for the inspection of offices and calling for detailed proposals.

3. Government Order No. Fl. 7800-49—G. F. 220-16-1, dated the 22nd June 1917, issuing instructions for the periodical inspection of the Public Works Divisional offices by the Account Officers and the Superintending Engineers.

4. Letter No. 10089, dated the 15th September 1917, from the Chief Engineer of Mysore, submitting proposals for the periodical inspection of the Circle, Division and Sub-Division Offices of the Public Works Department.

Order No. 2282-3—E. A. G. 64, dated 13th May 1918.

The following arrangements are sanctioned for the periodical inspection of the subordinate offices of the Public Works Department.

Name of office	By whom to be inspected	Period of inspection	To whom the inspection report should be submitted
1. Circle Office ...	1. Chief Engineer ...	Once a year ...	Government.
	2. Superintending Engineer.	Do	Chief Engineer.
2. Divisional Office ...	1. Do	Twice a year ...	Do
	2. Executive Engineer	Do ...	Superintending Engineer.
3. Sub-Divisional Offices	1. Superintending Engineer ...	Occasionally ...	Chief Engineer.
	2. Executive Engineer	Once a year ...	Superintending Engineer.
	3. Sub-Division Officer	Once a quarter ...	Executive Engineer.

2. Account Officers will continue to inspect the Public Works Divisional and Sub-Divisional Offices on the lines approved in Government Order No. Fl. 7800-49—G. F. 220-16-1, dated the 22nd June 1917.

3. The inspection reports of the Circle, Division and Sub-Division Offices by the Public Works Officers should, as far as possible, be drawn up and submitted in Forms A, B and C, respectively, appended to this order.

4. A short paragraph should appear in the administration report of the Department showing that these inspections have been carried out according to details indicated in paragraph 1 above.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Chief Engineer of Mysore.
The Comptroller, Public Works and Railway Branch.

Disposal Number System.

No. 2296-305—E. A. G. 222, DATED 23RD MAY 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 77—E. A. G., dated 17th May 1916, directing the introduction of the Disposal Number System into the offices of the Revenue Commissioner and Deputy Commissioners of Districts.

2. Government Order No. 152—E. A. G., issuing revised rules regarding the Disposal Number System.

3. Letter No. C. 4856, dated the 16th April 1918, from the Revenue Commissioner in Mysore stating that a majority of the Deputy Commissioners are in favour of the proposal to introduce the Disposal Number System into the Sub-Division offices in the State.

Order No. 2296-305—E. A. G. 222, dated 23rd May 1918.

Since the Sub-Division office records are filed in the District Record Room, it is desirable to have one system of rules in both the District and Sub-Division offices. Government are accordingly pleased to direct that the Disposal Number System be introduced into all the Revenue Sub-Division offices in the State with effect from 1st July 1918.

2. The Superintendent, Government Press, is requested to keep a sufficient stock of the several registers and forms under the Disposal Number System and supply them to Deputy Commissioners on indent.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts
The Superintendent, Government Press and Stationery.

No. 2290-2—E. A. G. 28, DATED 23RD MAY 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Correspondence ending with letter No. M. 8551-276, dated the 15th June 1917, from the Chief Electrical Engineer to the Government of Mysore, submitting for approval a list of records and registers pertaining to his department to be retained permanently or destroyed periodically.

2. Correspondence ending with letter No. 1304—C. P. S. 69, dated 23rd July 1917, from the Comptroller to the Government of Mysore, submitting a revised list of records of the Electrical Department noting the periods of preservation against each item.

3. Memo dated the 20th February 1918, from the Secretary to Government in the Public Works Department on the subject.

Order No. 2290-2—E. A. G. 28, dated 23rd May 1918.

The records of the Electrical Department will be divided into four main classes, *viz.*, A. Records to be preserved permanently, and B. C. & D. Records to be generally destroyed after ten years, five years and one year, respectively, as shown in the list appended. Particular attention should be paid to the periodical weeding out of the records.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

N.B.—As regards the records not specifically detailed in this list, the officers concerned should use their discretion and deal with them under one or the other of the standard periods given above, according to their importance.

Administration Report of the Electrical Department for 1916-17.

No. C. P. S. 336-40—12A, DATED 1ST MAY 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

READ—

1. Letter No. M. 9082-248, dated the 13th October 1917, from the Chief Electrical Engineer, submitting the Administration Report of the Electrical Department for the year 1916-17.

2. Letter No. 5776—C. P. S. 452, dated the 27th November 1917, from the Comptroller of Mysore, explaining the differences in the figures as given in the Administration Report and those posted in his accounts, as being due to the adjustments effected in the supplemental accounts for June 1917, and to the extra amount of Rs. 13,827 credited to Krishnarajasagara Works on the basis of the actuals, including suspense charges under working expenses.

Order No. C. P. S. 336-40—12 A, dated 1st May 1918.

The grant, as finally revised and allotted for both the Capital and Revenue Expenditure for the year 1916-17, stood at Rs. 17,66,800 and the actual expenditure under both the heads amounted to Rs. 17,28,820, as detailed hereunder:—

Heads	Revised grant	Outlay	Lapse or excess	Remarks
	Rs.	Rs.	Rs.	
1. Capital and Revenue Expenditure of the Cauvery Power Scheme ...	15,66,800	14,54,327	—1,12,473	Grant allotted out of Revenue receipts.
2. Fifth installation of the Cauvery Power Scheme ...	2,00,000	2,74,493	+ 74,403	From State Funds.
Total .	17,66,800	17,28,820	— 37,980	

NOTE.—The amount credited to the accounts of the Fourth Installation estimate was Rs. 5,35,435, from sale of materials as against Rs. 5,25,000 shown in the budget.

2. The outlay of Rs. 14,54,327 under item (1) is made up of (*a*) Rs. 5,91,651 under Capital Account and (*b*) Rs. 8,62,676 under Revenue Account.

The principal items of work accounted for under (*a*) Capital Expenditure are enumerated in the Administration Report. The distribution of the revenue expenditure of Rs. 8,62,676 (*b*) is as noted below:—

	Rs.
Working expenses	4,64,602
Charges debited to Depreciation Fund	1,25,824
Amount credited to Depreciation Fund	3,82,529
Total	9,72,955
Deduct amount credited to Suspense Account	1,10,279
Net Outlay	8,62,676

3. The lapse on the revised grants represents 7·18 per cent. A major portion of it occurred under working expenses and the same is reported to be due mainly to—

(*a*) savings effected on estimates,

(*b*) the materials ordered not having been received in due time from foreign countries, owing to the war,

(*c*) the non-payment of royalty due to the Government of Madras during 1915-16, and

(*d*) the non-adjustment of the value of materials borne on the 'Miscellaneous Advance Accounts' but issued to works.

4. On account of the increase in rates under "Ocean freight," there was an excess outlay of Rs. 74,493 over the sanctioned grant for the Fifth Installation.

5. The revenue from the scheme was estimated at Rs. 24,70,000, but the amount actually realised was Rs. 23,21,050 against Rs. 25,05,697 billed for. Deducting therefrom the amount of Rs. 3,61,142, credited to the Krishnarajasagara Works, the gross revenue stood at Rs. (23,21,050—3,61,142), 19,59,908.

Leaving out of account the charges debitable to depreciation and suspense heads, the net revenue from the scheme, after deducting only the working expenses, would be Rs. (19,59,901 – 4,64,602), 14,95,306 against Rs. 15,70,000 during the previous year.

6. The financial results of the scheme to the end of 1916-17 may be summarised as below :—

	Rs.	Rs.
Capital outlay to end of 1916-17	1,10,77,099	
Gross earnings.—		
Total from power supply for the whole period .	2,60,84,008	
Accumulated interest on Depreciation Fund ...	7,54,394	
Total		2,68,38,402
Expenditure—		
Working expenses (after deducting the amount under suspense) .	49,44,523	
Depreciation Fund	38,25,585	
Interest at 4 per cent on capital outlay	48,08,321	
Amount credited to Krishnarajasagara Works from the year 1915-16 .. .	6,92,142	
Total ...		1,42,70,571
Net profit for 15 years from 1902-03 ...		1,25,67,831
Average profit per year		8,37,855·4

7. The amount at the credit of the Depreciation Fund and the total charges debited thereto to the end of 1916-17 were Rs. 38,25,585 and Rs. 1,93,794, respectively. The principal items of work sanctioned under "Depreciation" and in progress during the year are :—

(*a*) Remodelling the Bangalore Branch Transmission line.

(*b*) Improvements to No. 12, Turbine and the Mysore Transmission lines.

(*c*) Providing new windings to certain air blast Transformers at Sivasamudram.

8. The demand for interior lighting installations in Bangalore and Mysore continued to grow steadily, as may be seen from the statement given below :—

Sections	To end of 1914-15	To end of 1915-16	To end of 1916-17
Bangalore City	686	933	1,162
Bangalore Civil and Military Station ..	898	1,044	1,416
Mysore City ...	291	372	466

No. C. P. S. 386-40 12A, DATED 1ST MAY 1918.

The number of power installations in the Bangalore and Mysore Cities rose from 70 to 89 at the end of the year under report. There has also been a satisfactory increase in the demand for power for minor industries.

9. *Fifth Installation.*—The turbine and the generator set were installed during the year. All the penstock pipes were received and their erection was in progress.

10. The total quantity of power generated during the year was 89,369,500 units as against 90,392,109 units during the preceding year. This difference is due to the change-over from the transmission voltage of 35,000 to 70,000, which tended to reduce appreciably the line loss from approximately 22·5 per cent to very nearly 10 per cent. The change to the higher voltage which was made in the latter part of 1915-16, also resulted in the saving of power for the Kolar section during the whole of the year 1916-17, which is satisfactory.

11. The health of the colony at Sivasamudram was normal. When plague and cholera broke out in the surrounding villages, effective measures were taken to prevent infection being carried into the Bluff, so much so that not more than one death is reported to have occurred from plague at that place.

12. The general condition of the plant at all the stations was satisfactory and it is reported that the staff as a whole worked well during the year and proved to be efficient.

13. Government are pleased to record their appreciation of the satisfactory manner in which the Department has been managed by Mr. S. G. Forbes, Chief Electrical Engineer, during the year under report.

No. 1033-35—P. W. 5666-68, DATED 8TH MAY 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

Order No. 1033-35—P. W. 5666-68, dated 8th May 1918.

The question of constituting a temporary service for the Public Works Department had been under consideration for some time past. That step has now become necessary in consequence of the large temporary demand for Engineer officers made by other State Departments.

2. Government are pleased to sanction the entertainment of Temporary Engineers subject to the following conditions :—

(1) The appointments made to this class will be outside the regular sanctioned scale and will not be governed by the rules regarding pay and promotion of officers borne on the sanctioned cadre. The number of temporary men to be entertained and their aggregate salary will not exceed at any time the number or the aggregate salary of the vacancies in the permanent scale.

(2) In calculating the aggregate salary available for making temporary appointments, the pay of a Sub-Assistant Engineer, an Assistant Engineer and an Executive Engineer will be taken as Rs. 160, 325 and 675, respectively, which are the average rates of pay of these classes.

(3) The period of service of such officers will generally range from one to three years and will be terminable on three months' notice on either side during such period. Appointments will also be made on other special terms, provided that the period does not exceed three years. The form of declaration to be signed by Temporary Engineers is appended.

3. The number of officers to be appointed to this class in each half-year will be settled in the previous half-year, *viz.*, in the months of June and December.

S. CADAMBI,
Offg. Secy. to Govt., Public Works Dept.

To—The Chief Engineer of Mysore.
The Comptroller through the Financial Branch.
The Financial Secretary to Government.

No. 1033-35- P. W. 5666-68, DATED 8TH MAY 1918.

DECLARATION TO BE SIGNED BY PERSONS APPOINTED AS TEMPORARY ENGINEERS IN PUBLIC WORKS DEPARTMENT, MYSORE.

I do hereby declare that I fully and clearly understand—

(*a*) that my appointment as Temporary Engineer in the Mysore Public Works Department on a salary of Rs.....per mensem, is purely temporary, and outside the regular cadre, and outside the scope of rules, *re* the pay and prospects of officers in the permanent list;

(*b*) that my appointment is on the footing of a monthly servant, carries with it absolutely no claim whatever to either permanent employment in Mysore Public Works Department or other departments of the State, or to pension or to absentee allowances other than those conditionally given to temporary employés under Articles 151 (a) and 201 (1) and (2), Fourth Edition, Mysore Service Regulations;

(*c*) that my appointment is tenable for one year in the first instance subject to the conditions,

(1) that I carry on my duties satisfactorily and efficiently,

(2) that I submit to the rules of discipline and good conduct applicable to Government servants in the Mysore State and

(3) that I am liable to forfeit the appointment without notice, in cases of proved default, such as misconduct, disobedience, neglect of duties, etc.,

(*d*) that my appointment is terminable on either side after giving three months' notice; and

(*e*) that my engagement may be renewed after the termination of one year, for a further period not exceeding one year at a time at the pleasure of Government, provided Government are satisfied that I have rendered approved service.

Signature of Applicant.

Anicut across the River Bhadra at Gopala.

No. 1081-89--P. W. 5959-64, DATED 13TH MAY 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

READ—

(1) Public Works Secretary's No. 290-3—P. W. 1991-4, dated 26th March 1906, according sanction to an estimate amounting to Rs. 13,91,366 for constructing an anicut across the river Bhadra at Gopala in the Shimoga District, and directing that the work be taken up as an ordinary work when funds become available therefor.

(2) Correspondence ending with letter No. 4506, dated 21st June 1917, from the Superintending Engineer, Northern Circle, resubmitting, for orders, a revised estimate amounting to Rs. 15,55,936 for the above work.

(3) Correspondence ending with letter No. Mis. C. 90 (Revenue), dated 28th January 1918, from the Deputy Commissioner, Shimoga District, stating that the construction of the proposed anicut will be of considerable advantage both to the raiyat population and the Government.

(4) Note No. D. 131, dated 20th February 1918, from the Joint Secretary to Government, Public Works Department, resubmitting, for sanction, an estimate amounting to Rs. 15,62,982 for constructing the anicut and excavating right and left bank channels.

Order No. 1084-89—P. W. 5959-64, dated 13th May 1918.

The project under reference was sanctioned twelve years ago. As a large irrigation work of this kind is considered absolutely necessary in the tract to arrest the deterioration of the agricultural classes, the question of its execution has come up for consideration.

2. The total cost of the project (anicut and channels) as now revised is estimated at Rs. 15,62,982 and the extent of lands that will be commanded is reported to be 20,933 acres.

3. Sanction is now recommended to the construction of the anicut and the excavation of the right bank channel only, which are estimated to cost Rs. 8,54,780. It is proposed to undertake the work on the left bank channel after irrigation is fully developed.

4. As the project is reported to be remunerative, Government have been pleased to sanction the estimate amounting to Rs. 8,54,780, referred to in the preceding para, with the direction that the work be started early.

5. The amount required for expenditure during the current year will be made available from the reserve grant of Rs. 5 lakhs provided in the budget for irrigation.

6. The estimate amounting to Rs. 13,91,366, sanctioned in March 1906, is cancelled.

S. CADAMBI,
Joint Secy. to Govt., P. W. Dept.

To—The Secretary to Government, Revenue Department.

READ—

Government Order No. R. S. 2230-2236—Ry. F. 7 O. L. 17-18, dated 28th January 1918, sanctioning the Authorization Rolls of the Mysore State Railways for the Railway year 1917-18, ending 31st March 1918.

2. Railway Secretary's Note No. R. S. 576, dated 2nd April 1918, regarding the preparation of the said Rolls for the Government official year ending 30th June, instead of for the Railway financial year ending 31st March.

Order No. R. S. 3519-3525—Ry. F. 7 O. L. 17-18, dated 9th May 1918.

Government are pleased to approve of the proposal to adopt the Mysore Government official year in future for the preparation of the Authorization Rolls instead of the Railway year commencing from 1st April and ending with 31st March and direct that the Authorization Rolls for 1918-19 should accordingly be prepared for the Government official year.

2. The sanction accorded for the Authorization Rolls for 1917-18 having expired on 31st March 1918, Government are pleased to sanction the expenditure on establishment and other charges on the open lines being incurred during the remaining period, *viz.*, from 1st April to 30th June 1918, as per scale in the Authorization Rolls for 1917-18, any temporary additions to establishment required in the interval being sanctioned by Agent under the powers delegated to him.

Travelling Allowance to Officers of the Railway Department.

No. R. S. 3531-3534—Ry. F. 20-O. L. 17-18, DATED 9TH MAY 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

RAILWAY DEPARTMENT.

READ AGAIN—

Government Order No. R. S. 3603-3606—Ry. F. O. L. 20-16-17, dated 30th May 1917, directing that, except in cases regulated by special orders, only one set of rules ordinary or open line, should apply to the travelling allowance of all officers in the Railway Department engaged on both construction and open line works.

READ—

Correspondence ending with letter No. Rys. O. L. 751, dated 18th—22nd September 1917, from the Comptroller, requesting to be furnished for the guidance of audit with a list of Railway Officers whose travelling allowance should be regulated by either set of rules.

No. R. S. 3531-3534—Ry. F. 20-O. L. 17-18, dated 9th May 1918.

The decision of Government conveyed in the order of the 30th May 1917 read in the preamble is that only one set of rules—open line or ordinary—should be applied to a Railway Officer travelling both on open line and construction work in respect of *all* his journeys according as the major portion of his touring work relates to open line or construction.

2. As some difference of opinion has arisen between the Audit Office and the Railway Department in giving effect to this order, Government are now pleased to issue the following further instructions in the matter.

3. (1) Till the opening of the Mysore-Arsikere Railway on the 3rd January 1918 the travelling allowance of *all* Railway Officers, whose pay is debitable partly to Capital and partly to Revenue, will be regulated under the ordinary rules.

(2) After the said date the travelling allowance of all such officers will be regulated as follows:—

1.	The Agent and Railway Secretary	Ordinary Rules.
2.	The Deputy Agent and Under Secretary and Chief Storekeeper	Open Line Rules.
3.	The Engineering Assistant to the Agent	Do
4.	Superintending Engineer, Open Line and Construction . .	Ordinary Rules.
5.	Carriage and Wagon Superintendent	Per Renewed Agreement.
6.	Loco Superintendent	Open Line Rules.

(3) The application of ordinary rules to the Agent and Superintending Engineer, Open Line and Construction, will, however, be liable to reconsideration when the length of open lines increases and the programme of construction work is appreciably reduced for any reason.

(4) When an officer, to whom the open line rules apply, travels on a line under construction, free haulage of self, servants and luggage should take the place of a free pass.

4. The travelling allowance of Mr. B. Venkoba Rao, Traffic Manager, will be passed under the ordinary rules up to 31st March 1918 and thereafter under open line rules.

T. LAKSHMINARASIMHA RAO,
Under Secy., in charge, Railway Secretariat.

To—The Secretary to Government, Financial Department.
The Comptroller of Mysore. Railways.
The Agent, Mysore State Railways.
The Secretary, Railway Committee.

First Aid Examination.

No. R. S. 3672-3675 -Ry. F. G. 203-17-18, DATED 21ST MAY 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

RAILWAY DEPARTMENT.

READ—

Note No R S. 565, dated the 28th March 1918, from the Secretary for Railways, soliciting sanction to the payment of a bonus of Rs 10 to each employee who passes the "First Aid Examination" successfully and obtains a certificate and to the payment of such rewards to the staff who have already passed the examination, as the training is not only in the interests of the Railway servants themselves while discharging their duties but it is also in the interests of the travelling public and those with whom they come into touch

Order No. R. S. 3672-3675—Ry. F. G. 203-17-18, dated 21st May 1918.

Government are pleased to sanction the proposal of the Secretary for Railways to the payment of a bonus of Rs. 10 to each employee of the Railway Department who passes the "First Aid Examination" successfully and obtains a certificate and to the payment of such rewards to the staff who have already passed the Examination.

2. The cost of the certificate should be defrayed by the employees themselves.

3. The total cost amounting to Rs. 90 in the present case is debitable to "Office contingencies" of the Loco and Carriage Department.

4. A separate head "Reward for passing St John Ambulance Examination" should be opened from next year under Abstract G. Mis. charges in the Authorization Rolls.

T. LAKSHMINARASIMHA RAO,
